2. Introductory Notes on the Budget Estimates 2020

The Appropriation Act No. 06 of 2020 has been approved by Parliament on 20th November 2020 executing its power on Public Finance. This Act incorporates and supersedes all the Vote on Accounts and the authorities granted by the President under the paragraph (3) of the Article 150 of Constitution in year 2020.

Through the Appropriation Bill for the year 2020 should have been submitted to Parliament and approved before the commencement of financial year 2020, considering possible changes which could happen to the Ministerial structure and Government policies after the Presidential Election 2019, as an alternative arrangement it was decided to submit a Vote on Account which was approved by Parliament to incur the expenditure required for the first four (04) months of the year 2020 until the Appropriation Bill for the financial year 2020 is submitted and approved by Parliament.

However, prior to the approval of the Appropriation Act for the year 2020, Parliament was dissolved on 02nd March 2020 and the Secretary to the Treasury was authorized as per the powers vested with His Excellency the President in terms of Paragraph (3) of Article 150 of the Constitution to incur the expenditure from the Consolidated Fund for a period of three months from 6th March 2020 in order to incur essential expenditure, required for the uninterrupted continuation of Government Services, Development Activities and the Settlement of Outstanding Bills pertaining to the year 2019 and suppression of COVID-19 epidemic which sprang up then.

Subsequently, along with the precautionary steps towards controlling the spread of COVID 19 pandemic, the date to hold the Parliamentary Election was postponed to 05th August 2020 and the Secretary to the Treasury was again authorized as per the powers vested with His Excellency the President in terms of Paragraph (3) of Article 150 of the Constitution to incur expenditure from the Consolidated Fund from 01st June 2020 to 31st August 2020 to continue the Government Services and Development Activities, since an Appropriation Bill or a Supplementary Estimate could not be submitted to Parliament which then remained dissolved. Although the Session of Ninth Parliament commenced on 20th August, it was practically impossible to submit an Appropriations Bill in Parliament within the stipulated period required by the Constitution and get it approved before 01st September 2020, the date when the authorization of HE the President expired. Therefore, a Vote on Account was submitted again to Parliament which approved the said Vote on Account prepared in line with the new Ministerial structure of the new government established subsequent to the General Election 2020.

Appropriation Act for 2020 was formulated covering all the expenditure incurred under the two Vote on Account mentioned above and the two authorizations granted in terms of the Paragraph (3) of Article 150 of the Constitution, as well as including the provisions for accounting the payments which had been made in 2019 using foreign financial sources albeit not recorded in to the accounts.

According to the Appropriation Act No. 06 of 2020 total expenditure of 2020 of the government is Rs. 4,723,155,000,000 and this book is an appendix to the Appropriation Act and is composed of:-

(a) General Estimates
General Estimates consist of budgetary provisions made under the first Schedule and the annual appropriations under the second Schedule of the appropriation bill.

(b) Advance Account Activities
The limits fixed for the Advance Account Activities indicated under the third schedule of the appropriation bill is included in this part.

A summary of the estimates under each scheduled is given beneath.

First Schedule	- Indicates the expenditure of General Services of the Government by Programme.	Rs. 2,718,022,000,000
Second Schedule	- Indicates the expenditure of the Government, authorized by law, which should be charged on the Consolidated Fund.	Rs. 2,000,133,000,000
Third Schedule	- Indicates the expenditure related to Advance Account Activities	Rs. 5,000,000,000

A detailed explanation structured under standard revenue and expenditure codes is provided by these estimates.

1. Revenue Estimates

The total revenue including tax revenue, non-tax revenue, provincial councils' revenue and grants is estimated at Rs. 1,615 billion for the year 2020. Table 3.2.1, Table 3.2.2 and Table 3.2.3 show the provisional revenue for 2019 and revenue estimates for 2020.

The relevant statutes and regulations are shown in Table 3.1.1, Table 3.1.2 and Table 3.1.3. The revenue estimates for 2020 were based on several macroeconomic assumptions.

- In 2020, the economy is expected maintain a growth rate of around 1.0 – 2.0 percent due to the impact of COVID-19 pandemic situation across the world exacerbating pressure on both domestic and external activities.
- Consumer price inflation is expected to remain at mid-single digit level in 2020.

- Unemployment rate is expected to stabilize at around 4.0 percent in 2020.
- External trade gap is expected to narrow with the Government's commitment towards the expansion of export sector with value added diversified products. However, global economic risks emanating from trade tensions, financial conditions and the spread of COVID-19 would pose upside risks on the external sector.

The assumptions relating to revenue estimates are described in the Fiscal Management Report 2020-21 issued under the Fiscal Management (Responsibility) Act, No.3 of 2003.
