# 1. Corporate Information

# 1.1 Historical Facts

Sri Jayewardenepura General Hospital, a gift by the Government of Japan to the citizens of Sri Lanka, on an initiative of His Excellency J. R. Jayewardene, the first executive president of Sri Lanka, was ceremonially opened by Ishimaysu Kitaagawa, the representative of Japan and the President of Sri Lanka on 17th September 1984.

Sri Jayewardenepura General Hospital was established by the Act of Parliament No. 54 of 1983. The primary intention of establishing Sri Jayewardenepura General Hospital was to provide excellent medical and surgical services compared to other government hospitals, at affordable prices to the public.

The first Board of Directors appointed by the then Minister of Teaching Hospitals and Women's Affairs on 23rd February 1985 consisted of Dr. R.B.J. Peiris (Chairman), Dr. D.D. Samarasinghe (Ministry Representative), S.P. Chandradasa (Representative of Ministry of Finance), K.N. Choksy (President's Counsel), M.T. Fernando (Chartered Accountant), Dr. Malinga Fernando (Director General of Health Services) and Dr. S.A. Cabraal (Director - PGIM) and K.D.L. Rathnasena (Secretary). The first Board Meeting was held on 28th February 1985.

First patient was admitted to the hospital on 17<sup>th</sup> December 1984, under the care of Dr. H. H. R. Samarasinghe (Consultant Physician) and the first surgery in the hospital, a thyroidectomy was performed by Dr. K. Yoheswaran (Consultant Surgeon) with anaesthesia administered by Dr. K. A. Perera (Consultant Anaesthetist) on 17<sup>th</sup> January 1985. First delivery was on 18<sup>th</sup> January, 1985 under the care of Prof. Kingsley de Silva (Consultant Obstetrician and Gynaecologist).

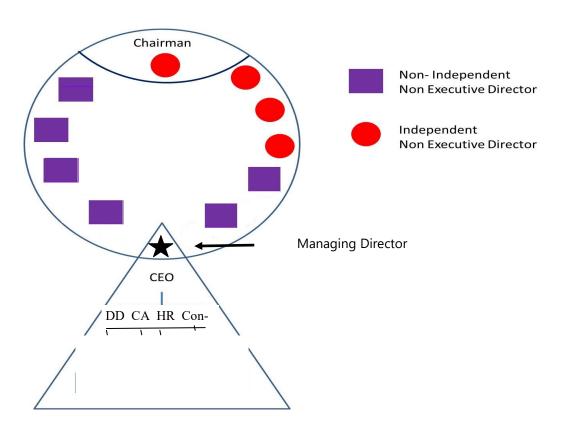

Sri Jayewardenepura General Hospital was setup to supplement the curative health service in Sri Lanka and to assist in the training of medical undergraduates, postgraduates and other health care personnel. While the Board of Directors take policy decisions, operational control is vested on a Committee of Management. Financing of the operations and capital equipment is through a grant from the General Treasury and revenue generated by the hospital.

This modern Hospital has now functioned over thirty six years and has maintained the state of excellence expected and has developed continuously by acquiring most of the modern medical facilities.

## 1.2 Corporate Governance

Sri Jayewardenepura General Hospital Board is guided by the "Code of Best Practice on Corporate Governance for Public Enterprises", a handbook by the Public Enterprises Department of General Treasury. Generally the successive Boards, since the inception of the hospital practiced the principles contained in this document.

### The Board and the members

The Board consists of three Independent non executive directors, six non independent non executive directors, Chairman and the Managing Director. The Managing Director of the hospital implements the Board decisions and provides solutions for day to day administrative issues with the Committee of Management. The Hon. Minister of Health has the authority to give special directives under the powers vested by section No.9 of Sri Jayewardenepura General Hospital Board Act.

The Non-executive Board Members, while not involving in the routine administration of the hospital, participate in close review and monitoring the operations. Two of the Board Members function as members of the Procurement Board, and one in the Budgetary Planning and Implementation Committee. The Treasury representative chairs the Audit Committee meetings.

## 1.2 Corporate Governance-continue

#### Remuneration of Board Members

The remuneration of the Chairman and The Board Members is on the basis of the Public Enterprises Circular NO.PED 04 of 01.01.2003.

#### The Committee of Management

# 2.1 Chairman's Message

I am pleased to give this message for the Annual Report of Sri Jayewardenepura General Hospital and Postgraduate Medical Training Center for the year 2020. Sri Jayewardenepura general hospital is a Government owned state Enterprise and has provided immense service to the public of this country as a health service care provider since its inception in 1984

2020 was a difficult year for the hospital with on-going Covid epidemic affecting all service of this hospital as well as the country. Despite this with the support of the Hon. Minister of Health, Ministry of health, staff of this hospital and the Board of management, we have been able to maintain the service and continue to provide and remain as a leading health care provider of this country.

My fervent hope is that next year we will be able to improve and strengthen our services with abatement of the Covid epidemic.

## 2.2 Director's Message

As the Director of Sri Jayewardenepura General Hospital (SJGH) I am honored to deliver my message to the Annual Report 2020, which I strongly believe as an important analytical forecaster in shaping the future direction of this prestigious tertiary care hospital and postgraduate training institution.

As the year 2020 marks the global covid-19 pandemic along with many others we also faced difficulties to execute the fiscal and developmental plans to endeavor this hospital to the standards of the most caring and leading healthcare provider in the island. The Covid 19 pandemic was a great challenge to SJGH. We were able to establish a separate PCR laboratory with donated Rs.9 million worth of laboratory equipment. The laboratory facility was built by SJGH staff. We were able to conduct a major portion of total PCR tests needed on the Island at lowest cost which forced private sector hospitals to reduce their price to our price with the Government. We had reasonable income to match reduced income due to travel restrictions due to the pandemic situation.

Further, our team managed a large number of covid-19 patients in open units and a newly added Covid-19 ICU of SJGH. We were successfully able to supply medical gas for inward beds and the critical care facility was improved vastly to cater the then much needed demands. As a pioneer in the healthcare system to combat the pandemic. We were the main healthcare providers to initiate the vaccination campaign and I must acknowledge and highlight the tremendous service and dedication extended by our team of healthcare providers in these difficult periods using digital infrastructure of SJGH and other Government digital infrastructure providers.

We accomplished to contain the financial burden within the system through reimbursement and did not channel it to the patients. We succeeded in maintaining the old indices with a slight reduction despite the major challenges faced due to the covid-19 pandemic. While opposing the encountered challenges the improvement in quality of service from the patients' perception was increased.

I am humbly proud to proclaim that as a team, we continue to gear forward competing well with the national and private healthcare providers securing its prestigious commitment and dedication to heal the nation with utmost quality of care and cutting edge technology.

I would also take this opportunity to convey my gratitude to the Ministry of Health, the Chairman and other Board of Directors, Members of the Board of Management, and my dedicated staff for their remarkable commitment and service.

### 4.6 General Information & Significant Accounting Policies - 2020

### SRI JAYEWARDENEPURA GENERAL HOSPITAL

### GENERAL INFORMATION & SIGNIFICANT ACCOUNTING POLICIES

### FOR THE YEAR ENDED 31ST DECEMBER 2020

### 1. GENERAL INFORMATION

### 1.1 Reporting Entity

The Reporting Entity, the Sri Jayewardenepura General Hospital which is domiciled in Sri Lanka and located in Thalapathpitiya, Nugegoda which is a gift by the Government of Japan for the Citizen of Sri Lanka was declared opened on 17th September 1984.

Sri Jayewardenepura General Hospital was established by the Act of Parliament No.54 of 1983.

Sri Jayewardenepura General Hospital was setup to supplement the curative health service in Sri Lanka and to assist in the training of Medical Undergraduates and Post Graduates and other health care personnel. While the Board of Directors takes strategic and policy decisions the operational control is vested with the Committee of Management.

### 2. BASIS OF PREPARATION

### 2.1 Basis of Accounting

Financial Statements are prepared in conformity with the Public Sector Accounting Standards laid down by the Institute of Chartered Accountants of Sri Lanka and in keeping with the Historical Cost convention where appropriate accounting policies are disclosed in succeeding notes. The Financial Statements are prepared in Sri Lankan Rupees.

These Financial Statements have been prepared on the basis that the Entity would continue as a going concern for the foreseeable future.

### 2.2 Comparative Figures

Comparative figures, in certain scenarios, have been adjusted to confirm the changes in presentation of figures in the current Financial Year.

### 3. PROPERTY, PLANT & EQUIPMENT

Property, Plant and Equipment are stated at cost less accumulated depreciation. The cost of Property, Plant and Equipment is the cost of purchase or construction together with any incidental expenses incurred in bringing the assets to its working condition required for its intended use. Expenditure incurred for the purpose of acquiring, extending or improving assets of a permanent nature by means of which to carry on the services provided or to increase the capacity of the services provided has been treated as capital expenditure.

Depreciation is provided on the assets other than on freehold land using Straight Line method at the rates as stated below:

### 4. INVENTORIES

All the items indicated in the inventories have been valued at the Cost. The cost of inventories is valued on First in First out (FIFO) basis. Due to the difficulty in determining the Net Realizable Value (NRV), it has been ignored.

### 5. ACCOUNTING FOR GRANTS

### 5.1 Government Grants

In the absence of a Sri Lanka Public Sector Accounting Standard for the presentation of Government Capital Grants received by the Statutory Board, the para 26 of LKAS 20 is adopted by the Board.

Accordingly Capital Grant is credited to a deferred income account and amortized at the rates which are equal to the rates of depreciation. Amortization rate is approximately equal to the depreciation rate calculated for the investment made in assets.

Recurrent Grants from Government Treasury have been recognized as income of the period and therefore added as an income in the Income Statement for the year.

### SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

### FOR THE YEAR ENDED 31st DECEMBER 2020

### 7. INCOME & EXPENDITURE

### 7.1 Recognition of Revenue & Expenditure

The Revenue of the Hospital includes the Income from Hospital Charges, Government Grant (recurrent), Interest Income from Call Deposits and loans to employees and other miscellaneous income. All categories of income have been recognized on an accrual basis.

All exempted Hospital bills have been recognized as Hospital Income as well as shown as expenditure in the Financial Performance Statement.

All expenditure incurred in providing patient care services and in maintaining the capital assets in a state of efficiency have been charged against the revenue on an accrual basis in arriving at the surplus or deficit for the year.

For the purpose of presentation of the Income Statement, the Board is of the view that the nature of expenses and method fairly present the elements of the Board's performance and hence such a presentation method is adopted.

Professional fees of Rs. 423 million collected by the Hospital during the year had not been recognized in the accounts as an income since, such fees are not earned or derived by the Hospital. These professional fees belong to some identified employees of the Hospital on providing professional services for private clients during their off duty hours and on holidays.

Measure and Pay basis is used as measurement basis in relation to Construction Contracts.

### 7.2 Cash Flow Statement

The Cash Flow Statement has been prepared using the indirect method. For the purpose of Cash Flow Statement, cash and cash equivalents consist of current account balances held at Banks and petty cash and Main cash imprests maintained.

### SIGNIFICANT ACCOUNTING POLICIES (CONTD.)

# 5. Audit Reports

## 5.1 Auditor General's Report

Chairman,

Sri Jayawardanepura General Hospital Board,

Report of the Auditor General on the affairs of Sri Jayawardanepura General Hospital Board including the Financial Statements and other Regulatory Requirements for the year ended by 31 December 2020 in terms of Section 12 of the National Audit Act No. 19 of 2018

#### 1. Financial Statements

#### 1.1 Quantified Opinion

The Statement of Financial Position as at 31 December 2020 of Sri Jayawardanepura General Hospital Board, the Statement of Financial Performance as the year ended by said date, the Statement of Changes in Equity, Cash Flow Statement for the year ended by said date and, Notes to the Financial Statements, the Financial Statements as at the year ended by 31 December 2020 comprising with the Summary of Significant Accounting Policies was carried out under my direction in pursuance of the provisions in Section No. 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act No. 19 of 2018 and the Finance Act No. 38 of 1971. This report contains my opinion and observations that I intend to be published together with the Annual Report of the Commission. My report in terms of the Regulation No. 154(6) in the Constitution will be presented at the Parliament in due course.

Except the effect made by the matters described in the part of the basis for the qualified opinion in my report, my opinion is that the financial position of the Official Languages Commission as at 31 December 2020 and, its financial performance and the cash flow as at the year ended by said date reflects a true and fair position in terms of Sri Lanka Accounting Standards.

#### 1.2 Basis for the Quantified Opinion:

(a) In terms of Section 47 of the Standard No. 03 of Sri Lanka Accounting Standards, although the comparative values that have been submitted for the period in which the error occurred in the first set of financial statements approved to issue by detecting the quantitative previous period's errors must have been retrospectively corrected by re-declaring them, those values had been adjusted with the cumulative deficit amounting to Rs. 10.26 million brought forward from 01 January 2020 and, with other reserve balance amounting to Rs. 2.8 million as previous years adjustments without doing as aforesaid. This matter had not been disclosed in the financial statements too.

- (b) In terms of Section 65 of the Standard No. 07 of Sri Lanka Accounting Standards, although fixed assets amounting to a cost of Rs. 2,907.52 million had been fully depreciated due to not reviewing annually the productive lifetime of the non-current assets, those assets had further been used. However, details about these assets had not been disclosed in the financial statements and, steps to revise the estimated error of the lifetime of those assets had not been taken in terms of the Standard No. 03 of Sri Lanka Accounting Standards.
- (c) In terms of Section 39 (a) of the Standard No. 10 of Sri Lanka Accounting Standards, although the accounting policies used to identify the revenues of the transactions relating to the service supplies must have been disclosed, policies followed to compute the hospital charges amounting to Rs. 2,353.15 in the year under review had not been disclosed.
- (d) It was revealed at the sample test that the hospitals income had been accounted by Rs. 13.81 million in excess due to crediting again and again the debtor and free hospital expenses relating to 15 bed tickets to the hospital control account.
- (e) The debit balance of Rs. 4.23 million in the hospital control account existed as at 31 December 2020 had been transferred to the hospital residential charges revenue account without making necessary adjustments by identifying it. The hospital residential charges revenue had been indicated in financial statements by an amount similar to that due to the reason aforesaid.
- (f) No method had been identified to properly account the recovery and refunding of professional charges. The debit balance of Rs. 62.64 million in the professional charges account existed as at 31 December 2020 had been transferred to the hospital charges control account instead of making necessary adjustments by identifying the reasons for the said balance. The profit for the year had been indicated in the financial statements in deficit by said amount due the reason aforesaid. Also, steps to settle or identify as an income the professional charges payable amounting to Rs. 3.62 million in the professional charges account existed since year 1998 had not been taken even within the year under review.
- (g) Although it had been identified that the moneys amounting to Rs. 20.45 million be collected from the debtors left as at 31 December 2020 couldn't collect, provisions for the impairment value for that had not been created in the financial statements.
- (h) Although the assets amounting to Rs. 1.33 million received as donations within last year and the year under review had been debited correctly to the fixed assets account, it had been credited to the creditor account instead of crediting to the donations and grants account. The value of capital grants within the year under review had been indicated in deficit by the above amount due to the reason aforesaid.

- (i) Instead of making necessary adjustments after identifying reasons for the debit balances amounting to Rs. 22.88 million in the hospital charges debtor account and, the debit balances amounting to Rs. 22.26 million in the sales creditor account existed as at 31 December 2020, those balances had been settled against the opposite balances of said accounts. Also the overdraft balance amounting to Rs. 5.13 million in a current account in a private bank on the Hospital Board's name existed as at 31 December 2020 had been indicated by deducting from current assets instead of disclosing those balances as a current liability.
- (j) The fixed deposit relating to the Dialysis Assistant Fund amounting to Rs. 12.50 million maintained by the General Hospital Board had not been included in the Financial Statements.
- (k) Although the BMW motor car given by the Ministry of Finance to the General Hospital Board in year 2018 had been registered on Chairman's name in, its value had not been estimated and accounted.
- (1) Steps had not been taken to clear the cost of 02 buildings demolished in 2016/2017 amounting to Rs. 3.63 and, the relevant cumulative depreciation from the books even within the year under review. The cost of buildings had been indicated in deficit by said amount in the financial statements due to the reason aforesaid. Steps also had not been taken to clear the cost of equipment that had been sold in 2016 but couldn't identify the selling price and, the equipment that had been disposed and sold in 2017 and 2018 amounting to Rs. 5.03 million, from the books after identifying the cost and cumulative depreciation of those equipment.
- (m) Due to defects in accounting, balance in the works in progress account amounting to a net amount of Rs. 30.26 million had been indicated in excess in the financial statements due to indication of Rs. 38.55 million and Rs. 8.29 million in excess and in deficit respectively in said account as at end of the year under review.
- (n) The amount deposited in the Labor Tribunal by the General Hospital Board relating to a case filed in said Tribunal against the hospital by an employees who was terminated from the service was Rs.1.62 million. Although said amount had been paid to the relevant employee by the Labor Tribunal within the year under review, said payments had not been identified as an expenditure incurred in the year under review. The profit and current assets in the year under review had been indicated in excess by an amount equal to that due the reason aforesaid.
- (o) According to the lists, documents and computer records relating to the creditors, debtors and hospital charges as at 31 December 2020 submitted to the audit, there was a variance of Rs. 63.4 million among the value and, no reasons for the variance had been clarified. Further, details relating to the adjustments amounting to Rs. 2.31 million made to the refundable tender deposit account within year under review had also not been submitted.

- (p) Five (05) subjects of accounts i.e. hospital charges debtors as at 31 December 2020, trade creditors as at said date, miscellaneous deposits, service charges, tender deposits payable in return etc. amounting to Rs. 893.11 couldn't verify or scrutinize fairly or recognize at the audit due to non-submission of time analysis, ancillary documents and Board approvals relating to that.
- (q) According to the accounts in the Hospital Board, although the amount payable as at 31 December 2020 to the Medical Supply Division against purchasing of drugs and other surgical materials was Rs. 472.52, the said balance as at said date was 631.89 million according to the information submitted by the Medical Supply Division. Accordingly, steps had not been taken to make relevant adjustments by identifying reasons for the variance amounting to Rs. 159.37

I conducted the audit in compliance to the Sri Lanka Audit Standards (S.L.A.S). My responsibility under this audit standards has further been described in the part of Auditor's responsibility in relation to the financial statements in this report. My belief is, the audit evidences obtained by me to provide a basis for my qualified opinion is sufficient and appropriate.

## 1.3 Other information contained in the Annual Report 2020 of the Board

The information expect to provide me after the date of this audit report that had been included to the Annual Report 2020 of the Board but doesn't contain in the financial statements and my audit report relating to that means 'other information'. The management is responsible for these 'other information'.

Other information relating to the financial statements doesn't disclose from my opinion and, I won't give any assurance or make judgment with regard to that.

Regarding my audit relating to the financial statements, my responsibility is to read the other information identified aforesaid as and when those information could be obtained and, to consider whether those information would be quantitatively incompatible with the financial statements or according to the knowledge I acquired the audit or in another way.

When reading the Annual Report of the Board, if I determine that there are quantitative misstatements, the said misstatements should be communicated to the controlling parties for correction. If there are misstatements that can't be further corrected, such misstatements will be included in my report presented to the Parliament in due course, in terms of the Regulation No. 154(6) in the Constitution.

## 1.4 Responsibilities of management and those charged with governance for the financial statements.

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Public Sector Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Board or to cease operations, or has not realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Board financial reporting process.

As per Section 16(1) of the National Audit Act No. 19 of 2018, the Board is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable the annual and periodic financial statements to be prepared of the Board.

## 1.5 Auditor's responsibility for the audit of financial statements

As a whole, the financial statements, my intension is to issue the auditor's report including my opinion with a fair confirmation which is free from quantified misstatements occurred due to the frauds and errors. Although the fair assurance is a higher level assurance, it won't always be a confirmation of disclosing of the quantified misstatements when auditing in terms of Sri Lank Auditing Standards. The quantified misstatement could be occurred due to the frauds and errors effect singly or collectively and, it is expected that an effect could be occurred to the economic decisions taken by the users based on these financial statements.

The audit was conducted by me in terms of Sri Lanka Auditing Standards with professional judgment and professional apprehensive. Further,

• The base for my opinion is to obtain sufficient and appropriate audit evidences to avoid the risks occurred due to the frauds or errors in identifying the risks of quantified wrongful statements that could be occurred in the financial statements due to the frauds and errors and, planning the appropriate audit procedures suitably to the situation when valuating. The effect of a fraud is more powerful than the effect of quantified wrongful statements and, fraud could be occurred due to collusion, forgery, avoiding deliberately or avoiding the internal controls.

- Although not in the intent of declaring an opinion about the productivity of the internal control, a knowledge about the internal control to plan appropriate audit procedures was obtained.
- The advisability of the accounting policies used, fairness of the accounting estimates and, related disclosures made by the management were evaluated.
- The relevancy of using the basis about the continuance existence of the institution for the accounting, based on the audit evidences obtained in relation to whether a quantified uncertainty about the continuance existence of the Board due to the incidents or circumstances, was determined. In case I determine that there is a sufficient uncertainty, my audit report's attention should be drawn towards the disclosures made in the financial statements with regard to that and, in case said disclosures are insufficient, my opinion should be audited. However, the continuance existence could be ended based on the future incidents or circumstances.
- Presentation of the financial statements containing disclosures, structure and content
  were evaluated and, the transaction and incidents based for that were evaluated as
  they had been included to the financial statements fairly and appropriately.

The controlling parties are made aware of with regard to the significant audit findings identified within my audit, key internal control weaknesses and other matters.

Accordingly, as this project come into operation in future is undetermined, it was observed that the money spent amounting to Rs. 2.97 million would be a useless expense.

#### 2.3 Other Matters

- (a) In terms of the Deed relating to the land claimed by the General Hospital Board in which the said Board is situated, it was observed that entire land in extent of 10.0229 is available under 03 Plans attested in 1981 and 1983 by the Surveyor General. The land in extent of 9.9469 Hectares depicted in one Plan out of above had been resurveyed in 2015 by the Surveyor General. Although it had been identified and reported by the Surveyor General that the extent of the land available to use by the Board as at said date was only 9.8047 Hectares and, 0.1422 Hectares relating to 09 places are using by unpermitted occupants, no appropriate legal measures relating to that had been taken since year 2015.
- (b) According to a project proposal submitted by the former Ministry of Youth Affairs and Skills Development, a Health Medical Educational University Academy had been commenced based on a Memorandum of Understanding entered into on 09 May 2013 by and between the General Hospital Board and the ministry aforesaid, with the objective of establishing technical training programmes in the health sector. The term of agreement had been expired by May 2016 but the Board of Directors had been decided to continue the academy for those students whose courses didn't finalize. Although financial assistance upto 3.8 million on the instructions of the Minister of Health was expected to provide and reimburse from the former Ministry of Health, Nutrition and Indigenous Medicine, the money amounting to Rs. 8.94 million spent by the hospital from 2016 to end of 2019 had not been able reimburse even as at 31 December 2021.
- (c) It had been identified that about Rs 581,418 per month spends by the General Hospital Board as overhead cost for the surgeries and tests carried out by the Specialist Doctors after their normal duty time. But based on the method of charging only a service charge of 0.15 percent of the professional fees charged for those surgeries and tests, the total service charges collected out of the total professional charges of Rs. 363.17 million paid within the year under review was only Rs. 546,035. Although proposals

relating to increasing of the service charge had been submitted to the Board of Directors on 25 September 2019, it had been unable to increase the service charge collected, comparatively to the cost spent exactly.

- (d) It was revealed at several occasions at the sample test that the differences occur after entering information in the computer system relating to the stocks in the General Hospital Board, to the computer accounting system had not been re-updated in the accounting system. It can't be satisfied whether the actual values of the items such as purchasing, cost, creditors, debtors and hospital charges income contained in the computer accounting system represents in the financial statements due to the reason aforesaid. It was observed that computer systems in the hospital had not been updated, system link among computer systems had not been created and, data entering in the computer system, checking and procedures relating to approval had not been functioned under a proper authority were the reasons for matter aforesaid. Although the facility of altering reports in the system must be barred after obtaining the data need to prepare the financial statements, such step had not been taken.
- (e) A scholarship had been given to a female Medical Officer who was working as the Deputy Director in the General Hospital Board, for a foreign training (without salary payment) at Oxford University in the United Kingdom within the period commencing from 30 May 2018 to 11 July 2019. The Board of Directors had been decided to grant that officer leave with pay upto 2 years to travel abroad for the scholarship and, to pay a personal maintenance allowance, without finding facts about the legal background of paying her the allowance (paid for the Medical Officer's Post Graduate Studies) by the General Hospital Board and despite the foreign scholarship application submitted by the Medical Officer had been rejected by the Ministry of Health. Therefore, Rs. 5.80 million which was paid her as personal maintenance allowance couldn't reimburse from the Ministry of Health and, said amount together with Rs. 3.79 million paid as salaries stayed as an expenditure to the hospital.
- (f) Two hundred fifty one (251) officers for 03 positions had been recruited exceeding the approved number of positions without approval from the Department of Management Services. Also, 10 officers had been appointed for 05 positions that was not in the approved staff of the Board, without approval from the Department of Management Services.
- (g) Steps had not been taken to settle Sixteen (16) payable balances amounting to Rs. 5.73 which is coming from 4 to 23 years or take it into the irresponsible balance revenue.

Audit observations contained in the Report of the Auditor General on the affairs of Sri Jayawardanepura General Hospital Board including the Financial Statements and other Regulatory Requirements for the year ended by 31 December 2020 in terms of Section 12 of the National Audit Act No. 19 of 2018 and, measures taken to correct.

| 1.2                | Basis f | or the Quantified Opinion :   |  |
|                    | (a)     | In terms of Section 47 of the Standard No. 03 of Sri Lanka Accounting Standards, although the comparative values that have been submitted for the period in which the error occurred in the first set of financial statements approved to issue by detecting the quantitative previous period's errors must have been retrospectively corrected by re-declaring them, those values had been adjusted with the cumulative deficit amounting to Rs. 10.26 million brought forward from 01 January 2020 and, with other reserve balance amounting to Rs. 2.8 million as previous years adjustments without doing as aforesaid. This matter had not been disclosed in the financial statements too. |  |
|                    | (b)     | In terms of Section 65 of the Standard No. 07 of Sri Lanka Accounting Standards, although fixed assets amounting to a cost of Rs. 2,907.52 million had been fully depreciated due to not reviewing annually the productive lifetime of the non-current assets, those assets had further been used. However, details about these assets had not been disclosed in the financial statements and, steps to revise the estimated error of the lifetime of those assets had not been taken in terms of the Standard No. 03 of Sri Lanka Accounting Standards.  | depreciated are still in use. Board approval to revaluate all these assets has been obtained and steps will be taken to finalize within this year. Matter highlighted in the audit query may be settled accordingly. |

| (c) | In terms of Section 39 (a) of the Standard No. 10 of Sri Lanka Accounting Standards, although the accounting policies used to identify the revenues of the transactions relating to the service supplies must have been disclosed, policies followed to compute the hospital charges amounting to Rs. 2,353.15 in the year under review had not been disclosed.                        | According to the Accounting Standards, revenue is identified based on the ability of measuring reliably the amount of revenue and, clearing of the economic benefits associated with the transaction to the entity (hospital).  Further a price equation to identify very fairly the amount of revenue has already been introduced.   |

|     | debit balance of Rs. 62.64 million in the professional charges account existed as at 31 December 2020 had been transferred to the hospital charges control account instead of making necessary adjustments by identifying the reasons for the said balance. The profit for the year had been indicated in the financial statements in deficit by said amount due the reason aforesaid. Also, steps to settle or identify as an income the professional charges payable amounting to Rs. 3.62 million in the professional charges account existed since year 1998 had not been taken even within the year under review. | been taken.  |
|-----|--|--|
| (g) | Although it had been identified that the moneys amounting to Rs. 20.45 million be collected from the debtors left as at 31 December 2020 couldn't collect, provisions for the impairment value for that had not been created in the financial statements.  | The doubtful debts from debtors are separated since year 2021 which will be disclosed in the financial statements. Further, this had been corrected in 2021. Payments from those patients who had been transferred to other hospitals due to Covid-19 pandemic are presently been recovered. |
| (h) | Although the assets amounting to Rs. 1.33 million received as donations within last year and the year under review had been debited correctly to the fixed assets account, it had been credited to the creditor account instead of crediting to the donations and grants account. The value of capital grants within the year under review had been indicated in deficit by the above amount due to the reason aforesaid.  | Assets received as donations had been credited to the creditor account which will be corrected within year 2021.   |
| (i) | Instead of making necessary adjustments after identifying reasons for the debit balances amounting to Rs. 22.88 million in the hospital charges debtor account and, the debit balances amounting to Rs. 22.26 million in the sales creditor account existed as at 31 December 2020, those balances had been settled against the opposite balances of said accounts. Also the overdraft balance amounting to Rs.  | Comparisons in the debtor and creditor accounts for the year 2021 are presently been carried out and, said situation will be corrected when presenting accounts for 2021.  |

|     | 5.13 million in a current account in a private bank on the Hospital Board's name existed as at 31 December 2020 had been indicated by deducting from current assets instead of disclosing those balances as a current liability.  |  |
|-----|---|--|
| (j) | The fixed deposit relating to the Dialysis Assistant Fund amounting to Rs. 12.50 million maintained by the General Hospital Board had not been included in the Financial Statements.  | Fixed deposit relating to the Dialysis<br>Assistant Fund had been disclosed<br>correctly in the financial statement for<br>year 2021.  |
| (k) | Although the BMW motor car given by<br>the Ministry of Finance to the General<br>Hospital Board in year 2018 had been<br>registered on Chairman's name in, its<br>value had not been estimated and<br>accounted.  | The revaluated value of said vehicle for year 2021 has accounted in the accounts.  |
| (1) | Steps had not been taken to clear the cost of 02 buildings demolished in 2016/2017 amounting to Rs. 3.63 and, the relevant cumulative depreciation from the books even within the year under review. The cost of buildings had been indicated in deficit by said amount in the financial statements due to the reason aforesaid. Steps also had not been taken to clear the cost of equipment that had been sold in 2016 but couldn't identify the selling price and, the equipment that had been disposed and sold in 2017 and 2018 amounting to Rs. 5.03 million, from the books after identifying the cost and cumulative depreciation of those equipment. | This accounting omission has corrected in the accounts for year 2021.  |
| (m) | Due to defects in accounting, balance in<br>the works in progress account amounting<br>to a net amount of Rs. 30.26 million had<br>been indicated in excess in the financial<br>statements due to indication of Rs. 38.55<br>million and Rs. 8.29 million in excess and<br>in deficit respectively in said account as at<br>end of the year under review.   | Those amounts have not transferred to the asset accounts because the works completing certificates as at 31.12.2020 had not been issued. It won't be confirmed as an asset until the works completing certificate is issued. This will be transferred to the asset account in the year 2021 once the works completing certificate is received. |

| (n) | The amount deposited in the Labor Tribunal by the General Hospital Board relating to a case filed in said Tribunal against the hospital by an employees who was terminated from the service was Rs.1.62 million. Although said amount had been paid to the relevant employee by the Labor Tribunal within the year under review, said payments had not been identified as an expenditure incurred in the year under review. The profit and current assets in the year under review had been indicated in excess by an amount equal to that due the reason aforesaid. | audit query had been corrected in 2021.  |
|-----|--|--|
| (0) | According to the lists, documents and computer records relating to the creditors, debtors and hospital charges as at 31 December 2020 submitted to the audit, there was a variance of Rs. 63.4 million among the value and, no reasons for the variance had been clarified. Further, details relating to the adjustments amounting to Rs. 2.31 million made to the refundable tender deposit account within year under review had also not been submitted.   | We have planned to finalize the account comparisons relating to the variance in the files, documents and ledger pointed out in the audit query within year 2021. The variance between single balances in these accounts and main ledgers will be corrected accordingly.  |
| (p) | Five (05) subjects of accounts i.e. hospital charges debtors as at 31 December 2020, trade creditors as at said date, miscellaneous deposits, service charges, tender deposits payable in return etc. amounting to Rs. 893.11 couldn't verify or scrutinize fairly or recognize at the audit due to non-submission of time analysis, ancillary documents and Board approvals relating to that.   | It had been mentioned that evidences for miscellaneous deposits that are above 36 years back had not been submitted. Miscellaneous deposits are consist of the deposits made in obtaining connections / services from the institutions such as Ceylon Electricity Board, National Water Supply and Drainage Board, Ceylon Gas Company, Sri Lanka Telecom etc.  Many deposits are relating to the period of 1984 – 1985 and, the receipts issued for said deposits within said period have attached to the relevant voucher. These old vouchers have presently been destroyed and, the relevant connections could be observed physically. |

Therefore, this audit query impractical. If deposits had not been paid, the relevant connections won't be Therefore, you are kindly requested to withdraw this audit query. Steps to submit the relevant evidences to the audit for the matters contained in paragraphs ii to v (to which couldn't submit other evidences) will be taken within year 2021. (q) According to the accounts in the Hospital As pointed out by the audit query, steps have been taken to settle the amount Board, although the amount payable as at 31 December 2020 to the Medical Supply payable to the Medical Supply Division Division against purchasing of drugs and to purchase the drugs and other surgical materials and, the amounts due from other surgical materials was Rs. 472.52, the said balance as at said date was the Ministry of Health in respect of the 631.89 million according surgeries carried out for the heart information submitted by the Medical patients sent by said ministry, under Supply Division. Accordingly, steps had proper approval. Written approval for not been taken to make relevant this had been granted at the meeting adjustments by identifying reasons for the held on 19.09.2014 headed by the variance amounting to Rs. 159.37 Secretary to the Ministry of Health. Drugs and surgical materials obtained to Sri Jayawardanepura Hospital from the Medical Supply Division will be received by the stores only after entering those items into the computer As aforesaid, approval to supply drugs to the hospital (issued only for the kidney patients at free of cost) obtained from the Medical Supply Division has been received. Those drugs are entered into the computer system disregarding their value and, the said value stated in the financial statements will be accurate because their value in our computer system is recorded correctly. When purchasing dangerous drugs from the Medical Supply Division, such drugs will be issued only after making the relevant payments for same. Therefore, it is not appropriate to adjust

The audit was conducted by me in terms of Sri Lanka Auditing Standards with professional judgment and professional apprehensive. Further,

- The base for my opinion is to obtain sufficient and appropriate audit evidences to avoid the risks occurred due to the frauds or errors in identifying the risks of quantified wrongful statements that could be occurred in the financial statements due to the frauds and errors and, planning the appropriate audit procedures suitably to the situation when valuating. The effect of a fraud is more powerful than the effect of quantified wrongful statements and, fraud could be occurred due to collusion, forgery, avoiding deliberately or avoiding the internal controls.
- Although not in the intent of declaring an opinion about the productivity of the internal control, a knowledge about the internal control to plan appropriate audit procedures was obtained.
- The advisability of the accounting policies used, fairness of the accounting estimates and, related disclosures made by the management were evaluated.
- · The relevancy of using the basis about the continuance existence of the institution for the accounting, based on the audit evidences obtained in relation to whether a quantified uncertainty about the continuance existence of Board due to the incidents circumstances, was determined. ## (ii) 8.9.1 (b)

Although a proper contract agreement must be executed and signed for a goods and contract services contract that exceeds Rs. 500,000.00, no such contract agreement had been executed and signed for contracts of purchasing surgical equipments amounting to Rs. 24.19 million at 5 occasions within the year under review.

As per Section 8.9.1(b) in the Code of Procurement Guidelines of the government, although parties shall enter into a contract agreement for a which exceeds service contract 500,000.00 Sri Lanka Rupees, this oversight had been occurred due to the Covid-19 pandemic prevailed in the country within that period and, certain institutions were closed and goods were supplied on the online method. However, steps will be taken to minimize such occurrences.

## (f) <u>Drugs and Medical Equipment</u> <u>Procurement Guideline 2007</u>

### (1) Guideline 2.1

Although only medical accessories obtained the National Medical Regulatory Authority (NMRA Certificate) must be purchased, Rs. 4.78 million had been spent within year under review to purchase 4 types of medical equipment to which the above-mentioned certificates had not been obtained.

As per Section 2.1 in the Code of Guidelines relating to purchasing of drugs and medical equipment, the certificate of registration issued by the National Drugs Regulatory Authority must be obtained to purchase the medical equipment. These items are used for the purpose of heart surgeries carried out in the hospital. purchase has been approved based on the recommendation issued by the Technical Evaluation Committee subject to obtain the NMRA certificate. But the items couldn't purchase because the certificate aforesaid was not issued. But a request had been made by the relevant division to supply these items that are essential for the heart surgeries. Accordingly, approval to purchase few items had been granted Chairman of the considering the exigency. But based on the request made repeatedly by the heart surgery unit, those requirements were considered by the Procurement Committee and approval to purchase was granted under a Waiver off Registration from NRMA institute. But said registration too had not been Items had been purchased granted. based on the circumstance aforesaid,

considering the requirement, subject to the approval granted by Chairman of the hospital.

This purchase had been made because no alternatives had for this. We have inquired the National Hospital too regarding this matter and stated that they also purchase such items from this institution in this manner. Those items were purchased on my approval as Chairman of the hospital for continuance of the services given by the hospital (the exclusive institution importing these items is Meditek Devices (Pvt) Ltd.)

## (ii) Guideline 5.2

Except urgent purchasing, although the Technical Evaluation Committee must be consist of a representative from the Ministry of Health, a representative from State Pharmaceutical Corporation, at least two consultants who are specialists in the relevant field and a representative from the Treasury, the Technical Evaluation Committee appointed to purchase drugs and surgical equipment was consisted of a Deputy Director in the hospital, one consultant who is a specialist in the relevant field and the Assistant Accountant.

A Procurement Guideline exclusively purchase drugs and medical issued. equipment has been Composition of the Technical Evaluation Committee has described according to said guideline. But it is difficult to appoint the members of the Technical Evaluation Committee and function it according composition. We have inquired other hospitals (National Hospital, Colombo South Hospital) regarding this matter. They have informed us that appointing and functioning of Technical Evaluations Committees according to this composition is too difficult and, they appoint and function the Technical Evaluation Committees according to the Tender Board relating to said institution.

Accordingly, this hospital also appoints and functions its Technical Evaluation Committees on Departmental Procurement Committee level. The Procurement Committee relating to this matter consists of the members from the Ministry of Health and, the Ministry of Finance.

| (a | Although approval for the re-increments of prices can't be granted according to the tender conditions, Rs. 3.78 million had been paid in excess due to purchasing of 570,000 units of SUCOD 160 Disposable Examination Gloves (Small) Lalan and 730,000 units of SUCOD 159 Disposable Examination Gloves (Medium) Lalan (for Rs. 11 per unit i.e Rs. 6 in excess per unit), disregarding the condition aforesaid. | I agree with this statement subject to amendments.  This order had been given for year 2020. This supplier is the supplier who submitted the lowest price when calling quotations. While supplying goods on the related price, the supplier had made a request to increase that price by letters dated 27.11.2020 and 30.11.2020, not by the letter dated 30.10.2020, due to increase of the prices of raw materials. Further, the requests were referred to the Procurement Committee and decision had been obtained on 02.12.2020, not on 02.09.2020.  Covid-19 pandemic was spread out terribly within this period. We were compelled to establish the safe guard of the hospital staff and patients due to increase of patients within this period. The requirement for Disposable Examination Gloves within that period was also increased because it was an essential material for the service continuation. This institution was the one and only supplier within that period. Further, this supplier was the supplier for the government Medical Supply Division too.  In this circumstance, we were compelled to consider the request made by the supplier and approval for this price increment had been granted by the Procurement Committee drawing attention towards the matters contained in said letter, to continue the patient care services and protect from the Covid-19 pandemic as well.  Although it had been mentioned in the |

|     |   | tender conditions that price increment won't be granted, we were compelled to do this based on the world wide circumstance existed within this period. Requirement existed within said period had been considered rather than considering the prices. However, these expenses had been recovered from the patients.   |
| (b) | Rs. 21.56 million had been spent from year 2016 to 2019 to install an electronic correspondence management computer software for the purpose of scanning data, media socialization and staff allowances etc. However, as this computer system had not been used even as at 31 December 2020 to achieve the relevant objective, the cost borne for this had been converted into a useless expense. | Number of investigations had been initiated by the Financial Crimes Division, Presidential Commission including several other divisions to investigate whether any irregularity had been occurred in the procurement process of scanning bed tickets, based on the charges levelled. In this circumstance, the process of scanning bet tickets had been stopped by two letters signed by the former Chairman. Recommendations of the relevant investigations (except the primary investigation carried out by the Ministry of Health) have not yet been received. Further, the legitimacy of the computer print outs of these scanned documents were requested from the Attorney General in writing by the Chairman. A reply letter dated 11.06.2020 had been sent to the hospital in response to that. According to the matters contained in said letter, it had been mentioned that scanned documents are not legally accepted as basic documents.  Therefore, the process of scanning bed tickets is no more continued because it is not those documents are not legally accepted.  However, the reports issued by the Medical Officers confirm that approximately Two hundred fifty thousand (approximately Seven million two hundred thousand pages) scanned |

bed tickets have already been stored in the computer data base. It is very rare to be available such computerized data base of the patients and, the hospital's computer programme was updated on 01.12.2021 with participation of the officers in the Embassy from Japan to Sri Lanka, enabling to use this data This new system has been implemented in the medical clinic and kidney patients' clinic. Accordingly, expense incur for scanning could save by directly entering the patients' information to the computer, instead of scanning and computerizing patients' information.

Accordingly, Ι state that the expenditure of Rs. 21,558,901 incurred to scan the bed tickets is not a useless expense because the patients' scanned bed tickets are available in the hospital's computer data base enabling to use and, those scanned information also examined together with computerizing the current patients' information.

Rs. 5.76 million (with Value Added Tax) had been paid to the State Engineering Corporation as consultation service fees on 08 April 2017 for the primary planning works to construct a six storied paying wards complex without obtaining cabinet approval for the project and without Treasury approval to obtain the expected foreign funds. But decision to remove this project from the Action Plans prepared for year 2020 and 2021 had been taken by the Board of Directors. Accordingly, as this project come into operation in future is undetermined, it was observed that the money spent amounting to Rs. 5.76 million would be a useless expense.

(c)

The construction project of six storied paying wards complex was initiated with the objective of enhancing the quality of patient care services rendered by the hospital and to meet with the increasing demand of services for paying wards / rooms. The primary plan and proposal of this project was referred to the Department of National Planning by the Planning Division of the Ministry of Health for instructions and observations. As said task had not been completed, it had not been referred for cabinet approval even by that time. The Board of Directors of the hospital decided to suspend this project temporarily agoing with the government financial position during this period. This project was removed

|            |   | from the Action Plan 2020 and 2021 accordingly. As there is an expectation to restart this project when financial position becomes fair, we emphasize that the moneys paid for the primary works is not a useless expense.  |

| (\$\psi_1) | Rs. 2.97 had been paid to the Central Engineering Consultation Bureau as consultant fees in 2018 for the Solar Energy Panels project in the General Hospital Board and, Rs. 372,803 was further payable as 31 December 2020. But the Board of Directors had been decided to remove this project from the Action Plans prepared for year 2020 and 2021. Accordingly, as this project come into operation in future is undetermined, it was observed that the money spent amounting to Rs. 2.97 million would be a useless expense.   | The Board of Directors of the hospital also decided to suspend the solar power project temporarily agoing with the government's financial position. This project was removed from the Action Plan 2020 and 2021 accordingly. As there is an expectation to restart this project when financial position becomes fair, we emphasize that the moneys paid for the primary works is not a useless expense.   |
| 2.3        | 3. Other Matters  |   |
| (a)        | In terms of the Deed relating to the land claimed by the General Hospital Board in which the said Board is situated, it was observed that entire land in extent of 10.0229 is available under 03 Plans attested in 1981 and 1983 by the Surveyor General. The land in extent of 9.9469 Hectares depicted in one Plan out of above had been re-surveyed in 2015 by the Surveyor General. Although it had been identified and reported by the Surveyor General that the extent of the land available to use by the Board as at said date was only 9.8047 Hectares and, 0.1422 Hectares relating to 09 places are using by unpermitted occupants, no appropriate legal measures relating to that had been taken since year 2015. | Following plans relating to the land in which Sri Jayawaradnepura General Hospital situated had been handed over to the Audit Superintendent on 25.10.2021  1. Lot Nos. 01 to 20 described in Plan No. Co/5493 dated 25.02.1981 made by the Surveyor General, in extent of A:24 R:2 P:9.4 (9.939 Hectares).  2. Lot No. 01 described in Plan No. Co/6073 dated 20.07.1983 made by the Surveyor General, in extent of 0.0380 Hectares.  3. Lot No. 01 described in Plan No. Co/6074 dated 13.07.1983 made by the Surveyor General, in extent of 0.0380 Hectares. |

Further, this issue had been taken for discussion at the Board Meeting No. 453 held on 29.07.2021 and decided to obtain instructions from the Attorney General and re-survey the lands. Accordingly, the Attorney General had been instructed to inquire the Surveyor Superintendent of Colombo District that why a portion had been omitted (if any) when preparing the Plan No. Co/9523 and re-survey the land to correct the said error. The Attorney General had been further instructed to take measures to re-acquire the allotments in extent of 0.1422 Hectares that had been acquired without permission according to the Deed No. 805, under the Government Lands Act (Re-acquisition of the Possession) No. 07 of 1979. Further, we are informed by letter dated 06.01.2022 sent to the Surveyor General to make aware with regard to a portion omitted (if any) when preparing Plan No. Co/9523 dated 18.03.2015 and to re-survey the land to correct the said error in case such omission would be confirmed. (b) The hospital management had been According to a project proposal submitted taken steps in maximum level sending by the former Ministry of Youth Affairs letters to the ministry to recover the and Skills Development, a Health Medical outstanding moneys. This expense Educational University Academy had within this period had been incurred on commenced based been a directive issued by the Hon. Prime Memorandum of Understanding entered Minister and, the management is in continuance effort to recover it from into on 09 May 2013 by and between the the ministry. General Hospital Board and the ministry aforesaid. with the objective establishing technical training programmes in the health sector. The term of agreement had been expired by May 2016 but the Board of Directors had been decided to continue the academy for those students whose courses didn't finalize. Although financial assistance

|     | upto 3.8 million on the instructions of the Minister of Health was expected to provide and reimburse from the former Ministry of Health, Nutrition and Indigenous Medicine, the money amounting to Rs. 8.94 million spent by the hospital from 2016 to end of 2019 had not been able reimbursed even as at 31 December 2021.  |  |
|-----|---|--|
| (0) | It had been identified that about Rs 581,418 per month spends by the General Hospital Board as overhead cost for the surgeries and tests carried out by the Specialist Doctors after their normal duty time. But based on the method of charging only a service charge of 0.15 percent of the professional fees charged for those surgeries and tests, the total service charges collected out of the total professional charges of Rs. 363.17 million paid within the year under review was only Rs. 546,035. Although proposals relating to increasing of the service charge had been submitted to the Board of Directors on 25 September 2019, it had been unable to increase the service charge collected, comparatively to the cost spent exactly. | Specialist Doctors engage in the private medical service to charge the professional fees and special wards have been reserved for that. Accordingly, patients admit to Ward Nos. 03, 04 and 05 which are paying wards. Beds in those wards are utilized 100% at many events.  In addition to the fee (Rs. 2,000, Rs. 3,000, Rs. 4,000, Rs. 5,000, Rs. 7500) charged separately for a room or a bed in these paying wards, the hospital charges fees against the services rendered to the patients keeping a 30% of profit percentage at this ward, rather than the normal wards (10%) in this hospital. Accordingly, the hospital receives a higher income for the hospital charges, drugs and consumable materials, surgical charges, charges for tests etc 0.15% of Professional charges are charged to the hospital in addition to above. This fee is only an administrative charge relating to the professional charges. |
| (d) | It was revealed at several occasions at the sample test that the differences occur after entering information in the computer system relating to the stocks in the General Hospital Board, to the computer accounting system had not been reupdated in the accounting system. It can't be satisfied whether the actual values of the items such as purchasing, cost, creditors, debtors and hospital charges  | The problem aforesaid was occurred due to non-updating of the changes happen in the "Systolic System", in the "Acc Pac" system. We admit that the errors pointed out by the audit had been occurred within the period stated by them. Those errors were detected by us within last quarter in the year 2021 that have already been corrected in the system.  |
