3 Part II - Revenue Estimates

4 Part III - Advance Accounts

1. Introduction

Budget Estimates for the Year 2022 have been formulated to illustrate the provisions allocated to achieve special priorities, assigned under each Ministry, by relevant Gazette Notifications incorporating duties and functions, assigned to Cabinet Ministers and State Ministers in terms of the Constitution.

Expenditure Estimates, contained under each Expenditure Head of the Appropriation Bill for 2022 have been aggregated into the above mentioned special priorities in presenting the Budget. This expenditure, illustrated under each subject has been summarized the way it connects with the Appropriation Bill and in addition to the Expenditure Estimates of each Ministry, provisions for the programmes, directly assigned to the Minister and the State Minister have been separately identified. Disaggregation of expenditure for those subjects has been illustrated as Recurrent and Capital Expenditure and the said Recurrent Expenditure have been disaggregated as Personal Emoluments, Travelling Expenses, Supplies, Maintenance Expenditure, Services and Transfers while the Capital Expenditure is separated under few categories such as Rehabilitation and improvement of Capital Assets, Acquisition of Capital Transfers, Capacity Building and Other Capital Expenditure.

Payments for all the approved provisions are made through the Consolidated Fund and it consists the tax and non tax revenue of the Government as well as the receipts of the domestic and foreign grants and loans. The Department of External Resources of the General Treasury maintain the records of the foreign financing receipts and payment in connection with purpose of which the funds are made, details of programmes and records of loans.

Some allocations which may be utilized in terms of the provisions of sub section 6(1) of the Appropriation Bill for 2022 are included under Head No 240 - Department of National Budget, Programme – 2, Project 02 - “Supplementary Support Services and Contingency Liabilities“. Relevant Chief Accounting Officers/Accounting Officers and other relevant officers are responsible for adherence to the provisions enforced under Financial Regulations, Circulars and Acts with regard to the utilization of Additional Allocations provided under this project.

As stipulated in Clause 6 (1) of the Appropriation Bill for 2022, the Supplementary allocations will be provided strictly for the following purposes;

- i. Provisions for shortfall of provisions of salaries and related payments of the Public Service.
- ii. Provisions for uncertain expenses, incurred in emergency situations such as national defence, natural disasters and Covid-19.
- iii. Provisions for external financing to settle short falls of Development Programmes and to implement the same and for the settlement of funds for other expenses
- iv. Provisions, required to fulfill any commitment under an Agreement in which the Government is one party or which shall be fulfilled by a court order and provisions for commitments to be fulfilled under government guarantees
- v. Provisions, required for contingency liabilities of state enterprises in decline and for the rehabilitation of such enterprises.

- vi. Purchases to be made under the direct responsibility of the Secretary to the Treasury in exceptional case which are not included in Budget Estimates
- vii. Provisions to incur expenditure in case no allocation was made due to the facts that the exact amount is not clear or confusion on the financial requirement
- viii. Provisions for additional expenditure and responsibilities, incurred due to changes in assumptions based for the formulation of Budget.
- ix. Provisions for expenses such as damages, writes off

As per the provisions of Clause 6 (1) of the Appropriation Bill, supplementary provisions will be provided to relevant spending agencies on the basis of submissions justifications provided by spending agencies. Requests for supplementary provisions should be made through the relevant Chief Accounting Officers in consultation with the relevant agencies that are accountable for the use of such provisions in terms of relevant Financial Regulations and approved procedures. The Chief Accounting Officers are responsible for the utilization of such supplementary allocations.

A report containing the amount of provisions so transferred and the reasons for such transfer, is submitted to Parliament within two months of the date of the said transfer. In addition, details of all such transfers made out of this provision, including the reasons for the said transfers, will be incorporated in the Government Fiscal Performance Reports which will be tabled in Parliament under the Fiscal Management (Responsibility) Act, No. 3 of 2003.

Each Secretary to Ministry will be the Accounting Officer for his/her Ministry office in addition to being the Chief Accounting Officer of all Departments under his/her Ministry in terms of F.R. 125(1)(b). Accordingly, each Head of Department shall be the Accounting officer in respect of all financial activities of his/her department, unless any other agreement is made by the Treasury in terms of F. R. 125(1)(a).

In this case the Secretary to the Cabinet Ministry will be the Chief Accounting Officer for all Departments, State Corporations, Statutory Institutions and State Ministries belonging to the Cabinet Ministry falling under the purview of his/her Minister, and the Secretary to State Ministry will be the Chief Accounting Office in respect of only the Department falling under his purview.

Actual expenditure of the year 2020, forecast expenditure of the year 2021, expenditure estimates of the year 2022, as well as provisions, projected for the year 2023 and the year 2024 are illustrated in the Part I of this statement and Revenue Estimates, expected to be collected during the years 2022-2024 are illustrated in Part II of this publication. Limits for Advance Account activities of the year 2022 are included in Part III. The Estimated amounts are rounded off to the nearest million for the ease of use.

The Detail Expenditure Estimates to be applied for Financial Management activities mentioned in Financial Regulations and other guidelines as well as for accounting purposes have been prepared in accordance with Appropriation Bill is included in the CD attach with this document.

Part I
Expenditure Estimates

Ministry of Health

State Ministry of Production, Supply and Regulation of Pharmaceuticals

State Ministry of Indigenous Medicine Promotion, Rural and Ayurvedic Hospitals Development and Community Health

State Ministry of Primary Health Care, Epidemics and COVID Disease Control

ESTIMATES 2022

Ministry of Health

Special Priorities

Enhancing life expectancy of people qualitatively by preventing communicable and non-communicable diseases, and building the health service aimed at maintaining the country with the minimum infant and maternal mortality rate.

Formulating a methodology to regulate private medical and laboratory services within the framework of a national policy, and delivering of a systematic service.

Taking measures to minimize waiting lists, queues and crowding of patients by adoption of the information technology in collaboration with Information Technology related institutions, and by provision of the staff and infrastructure.

Upgrading the National Hospital of Sri Lanka to the International Standards.

Upgrading a hospital in each district to the level of a National Hospital, and expand facilities of other regional and primary hospitals within the district.

Providing essential physical and human resources to all hospitals and establishing a referral system for the direction of patients to the relevant hospitals.

Improving the necessary professional facilities to retain doctors and medical professionals in the country.

Introducing ISO standards in all state and private medical institutions to establish a safe environment for all.

Statutory Boards and State owned Enterprises

Sri Jayewardenepura General Hospital

Wijaya Kumaratunga Memorial Hospital

National Authority on Tobacco and Alcohol

Foreign Ministry

State Ministry of Regional Cooperation

ESTIMATE 2022

Foreign Ministry

Special Priorities

Maintaining friendly relations on equal terms with other countries ensuring the country's independence

Reviewing bilateral agreements that have hitherto been entered into, and re-examine terms that are detrimental to the interests of the country, and create a background that is not harmful to domestic economy in concluding Agreements

In the selection of overseas missions, make a continuous evaluation of whether the criteria that contribute to executing the President's constitutional role in accordance with the country's foreign policy are being followed, and that the desired objectives of Missions are being achieved

ESTIMATE 2022

State Ministry of Regional Cooperation

Special Priorities

Expanding strong economic and trade bonds with Asian countries

Strengthening close relations with SAARC and BIMSTEC countries

Establishing relations with the Middle-East and South East Asian countries related to trade, tourism and investment and job market

Taking actions to create foreign market opportunities for local industrialists and for traditional cultural creations and local products

Directly contributing to eliminating the various obstacles the Sri Lankan entrepreneurs are faced with in gaining access to goods and services markets in foreign countries, and enlisting the participation of those countries in the promotion of investment and tourism in Sri Lanka

Ministry of Transport Expenditure by Activities

Rs.Million

Classification	Description	2020	2021	2022 Estimate			2023	2024
			Forecast	Recurrent	Capital	Total	Projections	
Policy and Planning	Formulating policies, rules and regulations required to ensure environmental friendly transport system in operation							
	Introduce guidelines, rules and regulations to be followed in minimizing passenger and traffic congestion and road accidents							
	Salaries for Establishment Services	17	15	15	-	15	21	22
	Operational Expenditure	20	13	14	2	16	22	24
	Maintenance of trains necessary for railway service	11,286	11,184	-	8,940	8,940	12,170	9,592
Maintenance & Rehabilitation	Rail Maintenance							
	Main Repairing - Repairing of Locomotives/engines, Diesel Multiple Units , Coaches and Oil Tankers , Convert brake coaches into control wagons	1,503	2,231	-	2,000	2,000	2,500	3,000
	Minor Repairing - Repairing of Locomotives/engines- , Diesel Multiple Units , Coaches and Oil Tankers	971	1,299	-	1,080	1,080	1,288	1,397
	Immediate Maintenance Within the Existing Rail line - 1492 Km	277	269	-	410	410	654	825
	Maintenance of Signaling & Communication System of Station and Building	283	303	-	340	340	407	469
	Rail Rehabilitation							
	Repairing of old Passenger Compartment and add to Passanger Transport	795	399	-	400	400	450	500
	Railway Line							
Rehabilitation of Railway Track & Installation of signaling from Maho - Omanthai	4,083	3,657	-	2,450	2,450	4,041	51	
Rehabilitation of Kandy - Peradeniya- Kadugannawa Rail line	20	103	-	100	100	200	300	

Classification	Description	2020	2021	2022 Estimate			2023	2024
			Forecast	Recurrent	Capital	Total	Projections	
Maintenance & Rehabilitation	Rehabilitation of Permanent Way with new Rails & Sleepers	3,003	2,510	-	2,000	2,000	2,300	2,500
	Level Crossing Protection & Steel Bridges							
	Repairing & Painting of Steel Bridges	29	55	-	50	50	100	200
	Repairing of Level Crossing Protection	276	230	-	100	100	200	300
	Rail Stations							
	Improvement of Railway Stations in Coastal Line , Kandy Line, Chilaw Line and Northern Line	46	128	-	10	10	30	50
Transport Service that ensuring confidence in public	Developing related infrastructure at railway stations and Introduction an e-ticketing for operating railway services	35,996	11,191	-	5,571	5,571	10,205	18,042
	Colombo Suburban Railway Efficiency Improvement							
	Modernize Ticketing and seat reservation system in 340 Nos of Stations, Telecommunication system, Modernize Train Control Center	274	3,432	-	2,200	2,200	5,627	12,960
	Implementation of Global Positioning System based Train Operating information System in Sri Lanka Railways	3,812	-	-	-	-	30	-
	Sahasara Bus Modernization Programme							
	Bus Priority Lane projects, GPS & IT formation for Transport sector	231	159	-	200	200	-	-
	Strengthening of Rails & Bus Fleet							
	Procurement of 160 Nos. Passenger Coaches	843	5,040	-	1,700	1,700	814	-
	Procurement of Nos. 02 Diesel Multiple Units							
	Procurement of 30 Nos. of Tank Wagons and 20 Nos. of Track Wagons	8,869	1,232	-	100	100	-	322
Procurment of 12 Locaomotives	13,075	-	-	1	1	-	-	
Expanding of Public transport facilities though Strengthening of Infrastructure								

Rs.Million

Classification	Description	2020	2021	2022 Estimate			2023	2024
			Forecast	Recurrent	Capital	Total	Projections	
Transport Service that ensuring confidence in public	Supply of Railway Bridges, Turn Tables,Auxiliary Supplies and Services for Expansion of the Railway Network	-	-	-	-	-	-	1,925
	Transport Project Preparatory Facility Project - Resettlement of Nos 1630 of Housing Blocks in Kalani Velly Line	1,874	902	-	900	900	2,250	1,500
	Greater Colombo Urban Transport Development - Funcing of Multimodal Center	174	292	-	150	150	84	-

ESTIMATE 2022

State Ministry of Vehicle Regulation, Bus Transport Services and Train Compartments and Motor Car Industry

Special Priorities

Modernizing the Sri Lanka Transport Board as a profit earning venture and develop the common amenities at main bus stands

Introduction of environmental friendly new buses to travel within Colombo and main city borders by restructuring the current bus pool and formulating and implementing a programme to make private transport system to adapt itself to the "Green Transport" concept

Building a transport service encouraging investors to undertake local manufacture of train compartments, buses, motor vehicles, their repairs and improvements

Strengthening school bus services under standards that ensure safety of children

Directing Sri Lanka Transport Board towards transport of passengers and goods thereby streamlining provision of public transport in rural areas

Regulating the transport services at a high standard ensuring safety of passengers and transport crew

Providing an efficient service eliminating various irregularities in the issuance of driving license and registration of motor vehicles

Departments

Department of Motor Traffic

Statutory Boards / State Owned Enterprises

Sri Lanka Transport Board

Lakdiva Engineering Ltd.

Ministry of Agriculture

State Ministry of Backward Rural Areas Development and Promotion of Domestic Animal Husbandry & Minor Economic Crop Cultivation

State Ministry of Promoting the Production & Regulating the Supply of Organic Fertilizer, and Paddy & Grains, Organic Food, Vegetables, Fruits, Chilies, Onion and Potato Cultivation Promotion, Seed Production and Advanced Technology Agriculture

State Ministry of Livestock, Farm Promotion and Dairy and Egg Related Industries

ESTIMATE 2022

Ministry of Agriculture

Special Priorities

Expanding agro technology knowledge suitable for the target groups such as traditional farmers, youth and students in order to direct them towards agricultural education opportunities with modern technology

Encourage the development of young agricultural entrepreneurs

Formulating and implementing a mechanism that combines all relevant institutions for the promotion of agro industry

Formulating a methodology to regulate specific standards of chemical pesticides and other chemical compounds used in agriculture

Expanding the farmers' pension schemes, crop insurance schemes and financial resources as needed for the agricultural activities

Strengthening the supply chain existing among direct producers, export companies, packaging firms and wholesalers.

Implementing a new strategic plan to facilitate product marketing

Taking measures to regulate declining incomes of producers during the harvesting phase, through active intervention by the government

Minimizing natural disasters by communicating information related to climatic changes and daily weather reports to farmers

Implementing methodologies to provide farmers with quality seeds and plants

Water management and management of water supply according to farmer requirements

ESTIMATES 2022

State Ministry of Backward Rural Areas Development and Promotion of Domestic Animal Husbandry & Minor Economic Crop Cultivation

Special Priorities

Implementing Programmes for cultivations in household lands, Minor Crops such as Turmeric, Black Dhal, Ginger and indigenous yams cultivate in areas with particular geographical features

Providing systematically Livestock Development Project Services for raising of domestic Goats and fowls

Identifying Financial Institutions, Technology Service Institutions, suppliers of Basic Equipment and Raw Materials through coordinating the provisions of necessary facilities for the expansion of the domestic production of Minor Crops

Introducing revival financial supply methodology incorporating micro finance facilities for implementation of livelihood and basic amenities in backward areas in the Northern and Eastern Provinces in coordination with the relevant Agencies

To act in coordinate with the Presidential Task Force in place for poverty alleviation and economic revival in order to prioritize the programmes under way for the development of rural roads, irrigation, potable water supply, power, dispensaries and primary schools in rural regions affected by terrorism

Statutory Boards/State Owned Enterprises

National Agricultural Diversification and Settlement Authority (Hadabima Authority)

ESTIMATES 2022

State Ministry of Promoting the Production & Regulating the Supply of Organic Fertilizer, and Paddy Grains, Organic Food, Vegetables, Fruits, Chillies, Onion and Potato Cultivation Promotion, Seed Production and Advanced Technology Agriculture

Special Priorities

Formulating methodologies for the timely distribution of technological crop systems, quality seeds, plants and fertilizer of standardized quality for major crops including paddy and grain varieties, pepper, cloves and cocoa as well as vegetable, fruit and home garden crops

Encouraging local production of organic fertilizer using local materials to international standards and production of other high quality fertilizers within the country

Implementing a reasonable pricing policy that satisfies the local farmer and consumer and a crop diversification programme in co-ordination with all related institutions

Implementing programmes to encourage the use of organic fertilizer and production of toxin free food

Implementing the programme to develop Samurdhi and low income home gardens to promote the consumption of organic vegetables and fruits at household level

Minimizing the import of dried chillies, maize, soya, green gram and cowpea, onions and potatoes by increasing the domestic production of such crops

Implementing a mechanism to provide facilities for storage of surplus production and for value-added product exports

Developing crop harvest collecting and processing centers to add value to agricultural produce and export

Implementing a programme to promote vegetable and fruit related export product industries

Introducing a domestic seed policy for production of quality seed to international standards

Regulate seed imports within accepted Sri Lanka Standards certification to ensure the quality of imported seeds

Encouraging the private sector to provide quality seeds and planting materials

Introducing high-yielding seed and plant varieties of indigenous genetic quality that are resistant to diseases and climate changes

Developing government farms and seed production farms

Taking steps to raise awareness among the farmers subsequent to a comprehensive study on groundwater, ground preparations, selecting seeds and plants, fertilizing, pre and post-harvest adopting latest technological methodologies on a regional basis

Directing value added agricultural production by the adoption of the knowledge, technological equipment and by utilization of lands and financial contribution for technology-based agriculture

Implementing a programme to prevent wastages associated with harvesting, transportation and unloading by the adoption the latest technical methods collaboration with the state and private sectors

Maximizing economic benefits of water consumption with the introduction of high yielding methodologies by the economical use of water

ESTIMATES 2022

State Ministry of Livestock, Farm Promotion and Dairy and Egg Related Industries

Special Priorities

Undertaking research to introduce livestock to suit different geographical regions and encouraging the development of small and medium scale farms

Promoting production of livestock related products and encouraging

Introducing high quality grass varieties through the National Livestock Development Board

Providing required land and investment facilities in co-ordination with relevant agencies to construct medium and large scale cattle farms

Implementing programs to maximize the use of state-owned animal farms

Expanding the production of chicken and eggs and encouraging their exports

Expanding opportunities for local production and consumption by promoting small and medium scale producers

Introducing international standards and effective monitoring systems in respect of animal farms and production facilities

Providing facilities to small and medium scale farmers by expanding veterinary facilities

ESTIMATES 2022

Ministry of Power

Special Priorities

Developing a Smart Grid to ensure maximum efficiency and utility of the power generated

Expanding investments to increase the power generation capacity of the Lak Vijaya coal power plant

Equilibrating the mix of renewable energy power plants, thermal power plants and

natural power plants, and thereby reducing the cost of power generation and

eliminate uncertainties that may occur

Implementing the power generation plan based on long-term requirements

Making the power transmission and distribution processes efficient

Minimizing the cost of power in order to maintain the international competitiveness of

the industrial production process

ESTIMATES 2022

State Ministry of Solar, Wind and Hydro Power Generation Projects Development

Special Priorities

Transforming the Kelanitissa Power Plant into a power plant associated with natural gas turbines and expanding the Kerawalapitiya Power Plant

Developing a smart Grid to ensure maximum efficiency and utilization of the power generated

Encouraging the use of solar power systems to ensure the availability of low- cost energy for households, office and factories

Transforming all the power plants located in Colombo into power plants with natural gas turbines

Encouraging the use of solar power systems set up at roofs to ensure the availability of low-cost energy for households and small enterprises

Encouraging the private sector and entrepreneurs to undertake renewable energy projects

Taking measures to add the Broadland hydropower station by 2020, Uma Oya by 2021, Moragolla by 2023, Talapitigala and Seethawaka by 2024 to the national grid

Adding 100 MW of energy generated in the Mannar wind power plant by 2021 and 800 MW of solar energy to the national grid by executing a wind and solar power project in Mannar, Poonareyn and Monaragala

Ministry of Lands

ESTIMATE 2022

Ministry of Lands

Special Priorities

- Providing encouragement and opportunities by leasing out underutilized state lands on long-term basis under a cultivation cooperative system to grow raw materials to resolve the problem of finding raw materials related to carpentry, rattan and reed industries
- Co-ordinating with required agencies and expediting grant of compensation after due assessment of persons, housing and other property, lands and agricultural lands affected by large irrigation projects such as Mahaweli, Uma Oya, Moragahakanda
 - Implementing a programme to lease out state lands and lands that had been acquired by the State for public projects, for agricultural purposes and to enable farmers to do the cultivations
- Introducing organic crops and floriculture with local and foreign demand to unutilized lands owned by estate companies and state-owned farms and expanding the cultivation of supplementary crops which suit the climate
- Formulating a national policy on land use taking into consideration the historical and archaeological factors, natural resources, urbanization and future requirements
 - Creating and maintaining an updated database on lands
- Formulating an efficient methodology with information technological access to provide information and services related to lands, land surveying and land mapping
- Developing a methodology to release lands for landless, low-income earners, productive manufacturing activities, and development and investment projects in an expeditious manner, subsequent to a review on processes related to land acquisition and land distribution
- Expedite 'Bim Saviya' programme guaranteeing land ownership, prevent the emergence of a landless community after sale of a land and develop policies and legal framework to obtain banking, financial and insurance activities on the basis of land ownerships
 - Implementing a clear policy on residual land use
 - Providing lands needed for the development of the country in a prompt and regularized manner
- Formulating an efficient mechanism to resolve issues related to state lands that had already been distributed among the public
- Implementing a methodology of issuing Title Certificates with accurate survey information expeditiously in order to assert ownership of lands under the 'Bim Saviya' program

- Implementing a program in collaboration with banks and other relevant institutions to distribute 100,000 land plots among the youth providing them with opportunities to invest in state lands as a project to encourage youth entrepreneurship

- Formulating a legal method to utilize lands with maximum productivity focusing on identification of issues pertaining to unutilized and under-utilized lands that could be utilized

- Implementing programs to develop private lands that had been acquired for development schemes, yet have never been utilized following a proper assessment of the development requirements

- Expediting the existing processes of compensation and provision of alternative lands to individuals who have been affected by natural disasters or due to development schemes carried out by the government

- Implementing state enterprises land and property development programmes

State Ministry of Coast Conservation & Low-Lands Development

State Ministry of Rural Housing, Construction and Building Material Industries

State Ministry of Estate Housing and Community Infrastructure

ESTIMATES 2022

Ministry of Urban Development and Housing

Special Priorities

Expanding urban development - centered multi - skilled jobs, businesses and income sources

According priorities in the construction field to local construction personnel

Adopting necessary measures for the development of building material industry

Providing incentives to adopt technical solutions as far as possible to overcome the scarcity of labour

Coordinating the vocational education to match the market requirement in developing skills in construction sector to provide skilled labour

Enlisting the contribution of local professional engineers and advanced technologists in obtaining required consultancies on construction work, and introducing a coordinating mechanism to facilitate contact with Institute of Architects, Institute of Engineers, Universities and any other institution in formulating construction plans that will enable the local mark in the construction field to be recognized as an international brand

Ensuring security for small and medium scale Sub-contractors by adopting rules and regulations guaranteeing their security

ESTIMATES 2022

State Ministry of Urban Development, Waste Disposal and Community Cleanliness

Special Priorities

- Socially empowering urban labour force by development of fully - fledged housing complexes for shanty dwellers and low income recipients
- Coordinating the provision of long term credit facilities for construction of housing complexes with modern amenities for middle income recipients in Colombo and suburbs
- Flood control and provision of urban vehicle parks, shopping complexes, fitness centres, entertainment facilities
- Replacement of old storied buildings by new storied buildings
- Providing new houses for urban shanty dwellers via urban housing schemes and community facilities
- Provision of new housing projects and credit facilities to resolve housing problems of the middle class families
- Introducing storied housing schemes on reasonable rental basis for those seeking temporary residency on rent basis
- Incentivizing investors in launching new housing projects by providing lands at concessionary prices to housing construction companies
- Introducing urban forest gardens, urban and suburban parks, water parks and green stretches on either side of the roads
- Introducing an efficient mechanism for the management of urban waste and sewerage and establishing a methodology for recycling water
- Adopting measures to prevent haphazard disposal of waste by installing waste disposal yards and sanitary waste holdings jointly with several local government bodies
- Formulating legal methodologies for the disposal of hospital and factory waste in accordance with the disposal of technical and electronic waste
- Adopting measures to prevent the disposal of waste in an irresponsible manner
- Formulating a programme to regulate all urban construction in term of urban development plans
- It is a basic feature of all urban construction projects to provide for vehicle parks and access facilities for the disable people

ESTIMATES 2022

State Minister of Coast Conservation & Low-Lying Lands Development

Special Priorities

Introducing an appropriate work plan for the prevention of ocean-related environment pollution

Adopting measures to prevent sea erosion

Implementing ocean cleanliness programmes for the prevention of damage caused to the coastal belt and sea bed by the disposal plastic waste

Implementation of low-lying land areas development programmes aimed at constructing housing units that are not vulnerable to floods and environment protection

Departments

Department of Coast Conservation and Coastal Resource Management

Statutory Boards / State Owned Enterprises

Sri Lanka Land Reclamation Development Corporation and their subsidiaries and related institutions

Marine Environment Protection Authority

State Ministry of Skills Development, Vocational Education, Research and Innovation

State Ministry of Dhamma Schools, Pirivenas and Bhikkhu Education

ESTIMATES 2022

Ministry of Education

Special Priorities

Providing the policy guidance for the preparation of a clear road map from pre-school education to the completion of higher education

Establishing a policy framework to undertake comprehensive reforms to establish a quality education system to which each child would have right to access

Reviewing and updating existing relevant circulars, provisions, rules and regulations for expeditious resolving of the administrative issues of school teachers and establishing a Special Monitoring Unit for the efficient functioning of the existing institutional structures

Restructuring the school system, subsequent to a survey done on the school requirements

Providing a policy solution for the placement of teachers based on the requirements

Implementing programs to promote extracurricular activities in schools in collaboration with the Ministry of Sports and Youth Affairs

Formulating a methodology to minimize time taken to enter Universities

Taking measures to upgrade facilities in universities and in hostels

Revise curricula within the overall Education Reforms Policy to create graduates targeting domestic and foreign job markets

Providing Information Technology facilities for universities

Selecting beneficiaries of Mahapola and Bursary Financial assistance programs by a formalized methodology and expanding the facilities

Taking measures to expand the Ocean University

Taking steps to upgrade all state universities to a high position in world rankings

Facilitating and encouraging research and innovation in university education

Taking measures to eradicate the culture of ragging from all universities and other higher educational institutions

Taking measures to establish Smart Learning Universities

Departments/ Commissions

University Grants Commission
Department of Examination
Department of Educational Publications

ESTIMATES 2022

State Ministry of Skills Development, Vocational Education, Research and Innovation

Special Priorities

- Commencing a new programme to give technology and advanced vocational education disregarding educational qualifications
- Subject all vocational training institutions to a systematic evaluation, and effect a complete physical and curriculum modification to suitable institutions, and network them under "One TVET" concept and transfer them into Technology Degree Awarding institutions
 - Establishing a new network of technical and Technical University Colleges islandwide
 - Expanding the Ceylon German Technical Training Institute
- Increasing the present scheme of 7 levels of National Vocational Qualification (NVQ) to 10 and amending the Sri Lanka Qualification Framework (SLQF) accordingly
 - Providing education opportunities to pursue vocational education up to Postgraduate levels
- Amending the curricula related to vocational education to integrate vocational education and entrepreneurship by including Information Technology, English and other languages
- Taking measures to provide vocational education focused on domestic and foreign job markets by coordinating with the Ministry of Foreign Employment Promotion and Market Diversification
 - Establishing Information Technology (IT) Entrepreneurship
- Establishing Sri Lanka as an Innovation Hub by maximizing the use of Internet of Things, Artificial Intelligence, Biotechnology, Robotics, Augmented Reality, Cloud Computing, Nanotechnology and 3D Printing
 - Making efficient the system to issue patents to researches for their innovations and to secure ownership to their research designs
 - Providing facilities to local research institutions to collaborate with the international research institutions
 - Providing tax reliefs to private enterprises contributing to research
 - Introducing domestic or foreign investors required for manufacturing under a domestic brand with innovation products
 - Formulating an efficient mechanism to channel innovations and research results to investors and relevant users

ESTIMATES 2022

State Ministry of Provincial Councils and Local Government

Special Priorities

Implementing an expanded reforms program in public service to facilitate the shift towards the concept of public servant from the concept of public officer

Broaden technology capacity with the assistance of Information and Communication Technology Agency to utilize information technology tools in the public sector for people-friendly public service

Undertaking a study of duplication of services in the central and provincial government services and introducing a special methodology to avoid such situations

Planning and implementing special projects for providing facilities required for primary schools, hospitals, maternity homes, elder homes and children's homes giving priority to rural and remote villages in areas of authority of Provincial Councils and Local Government

Formulating and implementing plans in collaboration with the provincial road development authorities for the development of provincial councils and local government agricultural roads, rural roads and provincial roads linking such roads to the "100,000 Road Programme" and road system at national level

Provincial Councils

Western, Central, Southern, Northern, North Western, North Central, Uva, Sabaragamuwa and Eastern

Statutory Boards / State Owned Enterprises

Sri Lanka Institute of Local Governance

Ministry of Plantation

State Ministry of Company Estate Reforms, Tea and Rubber Estates Related Crops Cultivation and Factories Modernization and Tea and Rubber Export Promotion

State Ministry of Coconut, Kithul and Palmyrah Cultivation Promotion and Related Industrial Product Manufacturing and Export Diversification

State Ministry of Development of Minor Crops Plantation including Sugarcane, Maize, Cashew, Pepper, Cinnamon, Cloves, Betel Related Industries and Export Promotion

ESTIMATES 2022

Ministry of Plantation

Special Priorities

Prohibiting the fragmentation of lands used for tea, rubber and coconut plantations to establish human settlements and maximizing the utilization of the said lands for the development of plantation and subsidiary crops

Subject lands owned by plantation companies of both the State and private sectors to maximum crop diversification and develop related industries

Reorganizing the Tea Research Institute by enabling it to contribute towards the development of the Tea industry by the introduction of latest technology

Encouraging the value added tea export instead of large-scale tea bulk export

Expanding the tea market for Ceylon Tea with the participation of both state and private sectors

Promoting Pure Ceylon Tea as an excellent product of Sri Lanka at the international markets

Statutory Boards/ State Owned Enterprises

Tea, Rubber and Coconut Estates (Control and Fragmentation) Board

Sri Lanka Tea Board

Tea Research Institute

Sri Lanka State Plantation Corporation

ESTIMATES 2022

State Ministry of Company Estate Reforms, Tea and Rubber Estates Related Crops Cultivation and Factories Modernization and Tea and Rubber Export Promotion

Special Priorities

Promoting the cultivation of tea and other export crops, transforming them into high value products, utilizing estate companies at maximum productivity and establishing the necessary international market

Encouraging and promoting the cultivation of organic tea

Introducing a mechanism to safeguard the quality of local tea

Formulating and implementing a plan for the proper utilization of lands in the estate sector

Introducing other crops to be grown around tea and rubber estates

Modernizing tea and rubber factories with the use of latest technology and machinery and linking banking system for necessary financial resources

Implementing relief service mechanisms at the ground level to encourage rural tea cultivation and small scale tea estate owners

Ensuring the availability of raw materials necessary for the rubber industry by providing encouragement for the development of cultivations of small and medium scale rubber estate owners

Encouraging rubber related products aimed at local and foreign markets

ESTIMATES 2022

State Ministry of Coconut, Kithul and Palmyrah Cultivation Promotion and Related Industrial Product Manufacturing and Export Diversification

Special Priorities

Introducing high yielding coconut plants in collaboration with the Coconut Research Institute and private laboratories and introducing coconut varieties that suit the areas where coconut is not widely grown

Implementing a program to distribute high yielding coconut varieties to expand coconut growing in home gardens, giving due regard to the geographical features of each region

Developing biotechnological solutions to control various pests

Encouraging small and medium coconut growers to develop nurseries to produce planting materials

Providing encouragement necessary for the cultivation of subsidiary crops such as pepper, ginger, turmeric, aloe vera, pineapple in coconut plantations and for animal husbandry

Formulating strategies to fulfill the local demand for coconut, and to export value-added products associated with coconut, young coconut (kurumba) and king coconut

Providing facilities to promote industries of coconut related products

Encouraging researchers, scientists and producers to conduct research on value addition and technological innovations

Statutory Boards/ State Owned Enterprises

ESTIMATES 2022

State Ministry of Development of Minor Crops Plantation including Sugarcane, Maize, Cashew, Pepper, Cinnamon, Cloves, Betel Related Industries and Export Promotion

Special Priorities

Implementing a methodology to encourage cultivation in the coordination of the Ministry of Plantation, Ministry of Agriculture, Banks and Financial Institutions for minor crop growers such as sugarcane, cashew, pepper, cinnamon, clove, betel

Introducing high-yielding varieties to growers in collaboration with the research institutes

Introducing latest technological methods and expanding exports to encourage value-added products related to such crops

Providing latest technological equipment and establishing a Centre for Cinnamon Extraction and Processing for the use of estate owners of less than five acres of land

Formulating and implementing a mechanism to encourage the local production of maize required for Triposha and animal food in collaboration with the Ministry of Lands, Banks and Financial Institutions

Taking immediate actions to reopen the sugar factories that had already been closed down and providing necessary encouragement to setup new sugar factories based on the requirement

Taking action to cater to capital needs and technical knowledge depending on the requirements for the efficient usage of water needed for sugarcane cultivation

Establishing export villages for pepper cultivation for both household use as well as for export purposes in the areas where pepper is grown

Ministry of Fisheries

**State Ministry of Ornamental Fish, Inland Fish and Prawn Farming,
Fishery Harbour Development, Multiday Fishing Activities and Fish
Exports**

ESTIMATE 2022
Ministry of Fisheries

Special Priorities

- Introducing a scientific methodology to increase fish density in coastal areas
- Modernizing fishery harbours and constructing new fishery harbours as needed
- Providing opportunities for domestic fishing companies to expand fishing in international seas
- Encouraging private companies and entrepreneurs to promote canned-fish industry
- Expanding market development for fish products, so that both the producer and the consumer achieve a fair deal
- Eliminating illegal fishing in coastal water in the North and East, strengthening Navy and the coast guard patrol Units,
and resolving conflicts with : India
- Introducing a productive banking and insurance scheme for the fishing community
- Implementing a program for technical and managerial training in fishery activities for the youth using facilities in the Ocean University
- Expanding the welfare activities of the fishing community

ESTIMATE 2022
**State Ministry of Ornamental Fish, Inland Fish and Prawn Farming, Fishery Harbour Development,
Multiday Fishing Activities and Fish Exports**

Special Priorities

Providing facilities to establish ornamental fish industries targeting at export markets
Formulating necessary strategies to promote inland fisheries in lakes, lagoons and lands
Developing fishery harbours for the efficient operation of large-scale boats
Taking actions to develop refrigeration systems using sea water for multi-day fishing crafts
and to encourage the use of solar power in such equipment
Improving all fishery harbours, anchorages with modern communication facilities, refrigeration and fuel supply and sanitation facilities
Commencing a program in collaboration with the fisheries community associations and
the National Aquaculture Development Authority
for expanded breeding of both sea and freshwater fish
Taking actions to increase the fish harvest using modern, environment friendly, high-technological techniques

ESTIMATE 2022

State Ministry of Wildlife Protection, Adoption of Safety Measures Including the Construction of Electrical Fences and Trenches and Reforestation and Forest Resource Development

Special Priorities

Implementing programmes for expansion of green cover

Conservation of marshy lands and mangrove systems and controlling the human activities that destroy them

Identifying eroded and infertile lands and taking measures to create coconut, other plants, and grass and agro forestry parks

Encouraging tree planting in stretches by factories, urban tree clusters, tree planting on either side of roads including expressways and highways, lands in government offices and housing complexes, orchards and home agro forestry

Implementing for reforestation projects

Establishing sand mining stretches by the rivers and lands and river valley development

Creating and popularizing Green and Smart Cities and Dwellings concept and formulating and implementing programmes and projects for creating an environmentally sensitive community

Implementing safety measures including construction of electric fences and trenches with the participation of rural communities to ensure the safety of villages and settlements in order to prevent elephant-human conflicts

Conservation of lands earmarked for the protection of wildlife, development of tanks, rivers and forests in such localities, and have cultivations required for food promotion of wildlife

Ministry of Water Supply

**State Ministry of Rural and Divisional Drinking Water
Supply Projects Development**

ESTIMATES 2022

Ministry of Water Supply

Special Priorities

Implementing expeditiously new water supply and drainage projects to provide water for all

Developing rural and urban water supply schemes and conservation of water by integrating rural tanks, reservoirs and irrigations systems that comes under the purview of Ministry of Agriculture and Ministry of Irrigation

Preventing the wastage of water in pipe-borne water supply and in the distribution of water

Statutory Boards / State Owned Enterprises

National Water Supply and Drainage Board

Water Resources Board

Ministry of Water Supply Summary by Expenditure

Rs.Million

Description	2020	2021 Forecast	2022 Estimate			2023 Projections	2024
			Recurrent	Capital	Total		
Ministry of Water Supply							
Providing new water connections to areas of high demand by completing large scale water supply projects	41,279	53,922	-	16,785	16,785	18,880	9,850
Providing new pipe borne water connections by improving the capacity of small and medium water supply schemes	7,549	9,755	-	2,665	2,665	2,800	1,125
Developing rural and urban water supply schemes and conservation of water by integrating rural tanks, reservoirs, and irrigation systems that come under the purview of Ministry of Agriculture and Ministry of Irrigation	1,971	8,990	-	2,119	2,119	2,500	700
Ensure health safety by improving drainage services	5,918	3,756	-	3,910	3,910	2,760	3,140
Prevention of water wastage and improving efficiency of water distribution	8,010	8,967	-	6,460	6,460	1,000	-
Ensure Water Quality and Safety	164	90	-	180	180	60	60
Salaries and Operational Expenses	806	372	363	32	395	420	445
State Ministry of Rural and Divisional Drinking Water Supply Projects Development							
Maintenance of water supply schemes	22	200	-	200	200	300	320
Providing new pipe borne water connections by improving the capacity of small and medium water supply schemes	31	72	-	50	50	-	-
Providing pipe borne water to rural areas through Community Based Water Supply Schemes	1,028	2,780	-	1,000	1,000	2,000	1,500
Improving and maintaining community water supply projects to ensure the supply of safe drinking water for the rural population	380	500	-	250	250	350	400
Water conservation and development of water catchment areas and reservoirs to stabilize rural water supply	153	260	-	280	280	240	245
Improvement of drainage services and ensure public health safety	10	15	-	20	20	10	10
Facilitation for water quality testing of Community Based Water Supply Schemes	2	5	-	1	1	1	2
Salaries and Operational Expenses	200	307	327	11	338	370	411
Total	67,523	89,991	690	33,963	34,653	31,691	18,208

Ministry of Public Security

State Ministry of Community Police Services

ESTIMATES 2022

Ministry of Public Security

Special Priorities

Improving the service standards of the Sri Lanka Police with the objective of ensuring public safety.

Implementing the Programme with religious centers, social organizations and public and private sectors to rid the society from the menace of drugs at the community level as well as for children in schools and educational institutions, public and private work places.

Take necessary measures to prevent extremism and terrorism with the aim of ensuring internal security.

Control and suppression of robberies, murders, anti-social activities and crimes to keep public life safe.

Maintaining the necessary care for all citizens of the country, especially for women and children, to live their lives freely.

Reorganization and modernizing the Traffic Police using modern technologies and techniques to enforce a systematic traffic regulation system and legal framework in order to prevent disorderly use of vehicles on roads, road accidents, deaths, injuries and hospitalizations and irregular and careless driving, violations of lane rules and road signs, as well as to reduce traffic congestion, especially in urban areas, caused by irregular driving and roadside parking.

ESTIMATES 2022

State Minister of Rural and School Sports Infrastructure Improvement

Special Priorities

Formulating a programme for the introduction of sports to the youth through youth societies and sports clubs as an extra-curricular activity since school education, thereby preventing the youths from being diverted to anti-social activities

Implementing a programme for a healthy generation of children by attracting school children towards physical education and sports in addition to their education

Implementing a programme for the provision of proper nutrition and facilities including training by identifying talented school children in sports activities in rural schools throughout the island and upgrading their talents up to the international level

Implementing a special programme to produce resource personnel required for the development of sports such as instructors, trainers and Physicians

Standardization of sports auditoriums and grounds located throughout the island and developing such facilities appropriately

Formulating a programme for local and traditional sports promotion

Expanding sports education in conformity with international standards

ESTIMATE 2022

State Ministry of Tanks, Reservoirs and Irrigation Development Related to Rural Paddy Fields

Special Priorities

Rehabilitating paddy lands in a fertile manner and reconstructing small tanks necessary to cultivate paddy through community-based projects

Rehabilitation and maintenance of rural and other tanks and reservoirs in conformity with scientific standards to increase the capacity of tanks and reservoirs to store rainwater

Initiating a program to conserve tank water by cleaning the river basins, river banks and tank bunds

Working under integrated method with the relevant parties with coordination of Department of Agrarian Development, Water Resources Board and Department of Irrigation

Estimate 2022 and Projections 2023-2024
