Semi - Annual Report on Ditwah-Related Procurement and Expenditure by Government of Sri Lanka from January to June 2026

As per the understanding reached between Government of Sri Lanka (GoSL) and Fiscal Affairs Department of the IMF, it has been decided to publish a Semi-Annual Report providing details of the cyclone related expenditure by the GoSL. Accordingly, in order to ensure that all cyclone related rehabilitation and reconstruction expenditure irrespective of source of funding is subject to robust governance, transparency, public reporting and auditing. In this regard, Department of Public Finance has issued Circular No. 04/2026 dated 14.07.2026 requiring suppliers/ contactors bidding for emergency and reconstruction related public procurement contracts to disclose their ultimate beneficial ownership information as part of the bidding documentation. Accordingly, Semi - Annual Report on Ditwah cyclone related procurement and expenditure constitutes the following two specific tables giving details on,

i. Ditwah-Related Procurements Exceeding LKR 20 million - Table 1

ii. Aggregate expenditure on Ditwah related reconstruction and rehabilitation - Table 2

Ditwah-Related Procurements Exceeding LKR 20 milllion - First Semi-Annual Report, covering the period from 01.01.2026 to 30.06.2026, incorporates information on Ditwah-related procurement activities compiled from information available on the promise.lk web portal and Reports received mannually from the respective Government entities by the Department of Public Finance**.** Based on the information compiled from said sources, 49 procurement activities exceeding LKR 20 million have been identified.

The details of the relevant procurements have been published on the promise.lk web portal and are publicly accessible through:

promise.lk → Procurement Information → Procurement Awards → Ditwah-Related Procurement

Whilst the necessary facilitation has been provided to enable Procuring Entities to upload the relevant information directly to the Promise.lk web portal, some Procuring Entities have not yet published their procurement information electronically. In these circumstances, action has been taken to obtain the relevant information manually from the respective Procuring Entities, in order to ensure that such information is included in the Semi-Annual Report to the best extent possible.

Aggregate expenditure on Ditwah related reconstruction and rehabilitation - The details of expenditure are presented under two main programmes, namely (i) Relief & Empowering Programme and (ii) Restoration of Damaged Infrastructure, covering expenditure incurred by relevant Ministries, Departments and Provincial Councils.

Ditwah-Related Procurements Exceeding LKR 20 Million — From 01.01.2026 to 30.06.2026
