2. BASIS OF OPERATION

2.1. Statement of compliance

The financial statements have been prepared in accordance with new Sri Lanka Accounting Standards hereinafter referred to as SLFRS / LKASs) as issued by the Institute of Chartered Accountants of Sri Lanka, the requirements of the Finance Regulations and Administrative Regulations of the Government of Sri Lanka.

2.2. Basis of measurement

Financial statements are prepared on a historical cost basis, with exceptions for investments in fixed deposits (measured at fair value), land and building (revalued amounts), and gratuity provision (calculated using the gratuity formula and recognized at the present value of the defined benefit obligation).

2.3. Functional & presentation currency

Financial information presented in Sri Lanka Rupees has been rounded to the nearest rupee.

2.4. Date of authorization for issue

The financial statements of the Board for the year ended 31st December 2023 were authorized for issue by the Board of Directors on 21 February 2024.

2.5. Use of estimates & judgments

The preparation of financial statements in conformity with Sri Lanka Accounting Standards requires management to make judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Judgments and estimates are based on historical experience and other factors, including expectations that are believed to be reasonable under the circumstances. Hence, actual results may differ from these judgments and estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and any future period affected.

2.6. Materiality and Aggregation

In compliance with LKAS 01 on the presentation of financial statements, each material class of similar items is presented separately in the financial statements. Items of dissimilar nature or functions too are presented separately if they are material. Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position, only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the statement of comprehensive income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies.

2.7. Income Tax

The Board is subject to income taxes and other taxes including Value Added Taxation, SSCL and Withholding tax. Significant judgment was required to determine the total provision for current and other taxes pending the issue of tax guidelines on the treatment of the adoption of SLFRS in the financial statements and the taxable profit for the purpose of imposition of taxes. Uncertainties exist, with respect to the interpretation of the applicability of tax laws, at the time of the preparation of these financial statements. As of December 31, 2023, there are three outstanding Income Tax and VAT assessments with the Inland Revenue Department. Board has appealed and objected. The Board of the opinion is that no major liability would arise from the said assessments.

DEVELOPMENT LOTTERIES BOARD

Note to the Financial Statement for the year ended 2023

The recent tax assessment with the Department of Inland Revenue (IRD) regarding assessment no. 0201617002 and Case no TAC/IT/065/2021 has been successfully resolved. The Development Lotteries Board and the IRD reached a mutually agreeable settlement, and the final determination has been issued by the Tax Appeal Commission on 23.01. 2024. To finalize the settlement, the Board made a one-time payment of Rs. 44,463,941.00, and no further liabilities remain in relation to this case.

2.8. Going Concern

The Board is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Board is not aware of any material uncertainties that may cast significant doubt upon the company's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of the company. Therefore, the financial statements continue to be prepared on a going concern basis.

3. SIGNIFICANT ACCOUNTING POLICIES.

3.1. Property, Plant, and Equipment

3.1.1. Recognition and measurement

Property, plant & equipment are tangible items that are held for service, or for administrative purposes and are expected to be used during more than one period.

a. Recognition

Property, plant & equipment are recognized if it is probable that future economic benefits associated with the assets will flow to the Board and cost of the asset can be reliably measured.

b. Useful lifetime & revaluation of the property, plant, and equipment

The company reviews the residual values, useful lives, and methods of depreciation of assets at each reporting date. Judgment of the management is exercised in the estimation of these values, rates, methods and hence they are subject to uncertainty. The Board conducted a comprehensive review and revaluation of assets in 2023

c. Measurement

Items of property, plant, and equipment are stated at cost or valuation less accumulated depreciation.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other cost directly attributable to bringing the asset to a working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located.

Expenditure on repairs or maintenance of property, plant, and equipment made to restore or maintain future economic benefits expected from the assets has been recognized as an expense when incurred.

d. Subsequent expenditure

Expenditure incurred to replace a component of an item of property, plant, and equipment that is accounted for separately, including major inspection and overhaul expenditure, is capitalized. The cost of replacing part of an item of Property, Plant & Equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Board and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The cost of the day-to-day servicing of property, plant, and equipment is recognized in profit or loss as incurred.

e. Depreciation

Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant, and equipment. The estimated useful lives of the assets are as follows.

f. Derecognized of PPE

This gain or loss is included in the statement of profit or loss – the disposal proceeds should not be recognized as revenue.

3.3.2. Provisions

A provision is recognized if, as a result of a past event, the Board has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

b. Defined benefit plans Retiring Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

According to paragraph 57 of LKAS 19, the Public Corporations engaged in the sale of goods or the provision of services may opt to use a qualified actuary or use the Gratuity formula method. Therefore, the Board uses a gratuity formula method to calculate the gratuity liability. Given the current market situation and the inherent uncertainties, the Board acknowledges the challenges in establishing precise assumptions for the calculation of the gratuity provision. Despite these challenges, the Board has exercised prudence and employed reasonable assumptions in the determination of the gratuity liability. However, under the Payment of Gratuity Act No. 12 of 1983, the liability to an employee arises only on the completion of 5 years of continued service. Any gains or losses arising are recognized immediately in the income statement. The gratuity fund has been externally funded. The net impact from the Gratuity Provision and the fund has been shown under note to the accounts.

The materiality of the events after the balance sheet date has been considered and appropriate adjustments and provisions have been made in the financial statements wherever necessary.

The Board implemented a price increase for lottery tickets, raising the price from Rs.20 to Rs.40 effective July 6th 2023. This decision was taken to adapt to evolving market conditions and ensure the long-term sustainability of the Board's operations. To mitigate the potential impact on sales volume and maintain buyer's engagement, the Board has implemented a series of countermeasures. These include: Enhanced Prize Structures: Incrementing the prize money allocated for existing lottery draws to increase buyer's attraction and value perception. Additional Prize Schemes: Introducing new, temporary prize schemes alongside existing draws to offer buyer's alternative winning opportunities and boost excitement. This includes 'regular way trades': purchases or sales of financial assets that require delivery of assets within the time-frame generally established by regulation or convention in the marketplace. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention in acquiring them. All financial instruments are measured initially at their fair value including transaction costs, except in the case of financial assets and financial liabilities recorded at fair value through profit or loss.
