

Notice to Suppliers and Service Providers Supplying Goods and Services to Central Government Institutions

In accordance with the instructions issued under State Accounts Circular No. 02/2025 dated 17.07.2025, only Purchase Orders generated through the **Integrated Treasury Management Information System (ITMIS)** will be officially used from July 01, 2026, for the procurement of goods and services carried out by Government Ministries, Departments, and District Secretariats.

However, you are hereby informed that the effective date of this Circular will have to be amended as **October 01, 2026** due to an unavoidable circumstance.

Accordingly, after October 01, 2026, payments for the supply of goods and services to Central Government institutions will be made **only** for goods and services ordered through **Purchase Orders (POs)** generated via the ITMIS system.

Therefore, all suppliers and service providers supplying goods and services to Central Government institutions must take action to:

- Ensure that the Purchase Orders received by them are official purchase orders generated through the ITMIS system,
- Carry out the supply of relevant goods and services accordingly, and
- Planning the business processes in compliance with this new system, which will come into effect from October 01, 2026.

This system is expected to execute the government procurement process with greater transparency, efficiency, and accountability.
